

Davis Leather Has Net Loss Of \$808,493

Annual report of Davis Leather Company is indicative of the difficulties experienced by the tanning industry in 1951. The loss from operations was \$174,781. After adding investment income of \$121,875, profit of \$450,952 on sale of securities and tax adjustments of \$90,274, the profit for 1951 was \$468,320, which was changed into a net loss of \$808,493 by writing inventory values down by \$1,296,313. In 1950 when there was no write down of inventory values the net profit was \$412,348.

J. A. Gairdner, chairman and president, states that due to the rapid and severe decline of raw material and finished leather values, the amount at which inventories were carried at December 31 was substantially in excess of market value. In order that operations for 1952 would be placed from the outset in a strong competitive position in respect of material costs, the inventory was written down to market value.

With uncertain raw material markets and business conditions in the industry abnormally depressed, it is difficult to look forward and see a clear trading picture for 1952, continues Mr. Gairdner. The present reduced prices of calf leather gives promise of encouraging the wider use of the company's high-grade products, and this, together with steadily increasing economies of operation, should make leather more competitive with alternative materials.

Financial position is strong, with working capital of \$3,108,593 at December 31, comparing with \$4,207,698 a year ago. Investments having a market value of \$2,080,802 are included in current assets at cost of \$1,806,842. Ratio of current assets to current liabilities is 2.4 to 1. Earned surplus totals \$693,546.

Capital expenditures in 1951 amounted to \$49,148. The company plans to make extensive rearrangements of plant facilities and to add such modern equipment as will improve the competitive position of its products on world markets. These improvements will require substantial capital expenditures and should result in major economies of operation, states Mr. Gairdner.

RED CROSS DRIVE REACHES \$3,876

The Newmarket Red Cross campaign fund has reached \$3,876 of its \$4,500 objective, it was reported this morning. Contributions still are coming in but time is growing short.

On Tuesday, the Red Cross volunteer workers met in the sewing rooms in Trinity United church. While they worked, they were addressed by Harley Neff, campaign director for the Ontario division, who told something of the history of the Red Cross.

NIGHT CLASSES

Ross Hewlett's class in carpentry and construction will be held next week at his home on Eagle St. instead of in the high school. Time is 7 p.m. on Wednesday night.

Year by year the Tom Kirk program grows in size and popularity. This year's 25th annual feature at the Newmarket arena last Thursday, hit a new high on both counts with 250 contestants vying for skating honors and 35 to 40 races were needed to provide a winner in each event. Five years old and under boys start race above. Left to right are Allan Noble, Doug McGuire, Wayne Lewis, Neil Dunstan, Willard Seney, Robert Gilkes and Lee Oliver Gould. Most popular and exciting events were relay races. St. John's school speedsters took both senior boys' and senior girls' events. Above, St. John's girls' team accept the Alf Hart trophy. Left to right are Alf Hart, Elizabeth Giovanelli, Colleen Cain, Mary Cain, Mary McGuire and Maureen West.

Form New Blood Bank In Newmarket, Ask 200 Register For Hospital Needs

A new registration of 200 donors in a Newmarket Blood Bank for York County hospital will be started on April 21. A blood bank committee with Dr. J. G. Cock, chairman, and Mrs. R. J. Rogers, secretary, decided at a meeting Tuesday night to start on the project which will take eight weeks for a complete registration and testing of 200 volunteer donors.

The blood bank has had its start with a \$100 donation from the York County Hospital Aid

and an offer of services from Miss Shelagh Lynch, technician at the hospital.

The committee requests that volunteers between 16 and 60 phone the switchboard at the Newmarket Clinic, phone 815, and make an appointment to have a blood test and to be registered as a donor. Cards with identification, blood type and registration will be given to each donor. There is a special plea for persons who know that their blood is typed "R. H. negative" to volunteer as a donor.

Appointment calls are asked to be made between 9.30 and 11.30 in the mornings and between 1.30 and 4.30 in the afternoons.

It will take eight weeks to complete the registration. Registration and blood tests will be made each Monday and Thursday night between 7.30 and 9 p.m. until the list has been completed. Dr. John Dales pointed out that the whole registration will not affect people during working hours.

Registration and testing will take little time and less than an ounce of blood will be taken from the donor for the test. Legion members and others who have been registered on previous donor lists are asked to call for re-testing and registration in the new blood bank. Persons who have had malaria, jaundice or asthma cannot be used for the blood bank.

Dr. Cock gave credit to the past donor services by the Legion and other groups. "The blood service in the past five years has been a blessing to us but many of the donors have moved away and we have to increase the list," he said. "The organization that started the blood service has never had sufficient credit for it," he said.

"Now there are many more uses for blood and that calls for more members. It is too great a task for one group to handle this and we need the help of the townspeople," he said.

Blood lasts from three to four

weeks in the bank and donors will be asked to give blood in rotation so that each donor will not be asked more than once a year for blood. Blood in the hospital bank which is not used within three weeks will be sent to the Red Cross to be made into plasma.

The bank maintained at the hospital by the Newmarket group will be used only for emergencies. When patients use blood, they will be asked if friends or relatives can replace it. There will be no charge for the blood to patients in hospital other than for technical preparation and services.

Members of the Newmarket Blood Bank committee are Dr. Cock, Dr. John Dales, Mrs. Rogers, T. M. Ewing, William Such and Jack Struthers. On registration nights, one of the town doctors, a nurse and a member of the Legion will be present.

COMING EVENTS

THURSDAY, APRIL 10—Sharon Junior Farmers are sponsoring a dance in Mount Albert hall to Norm Burling's orchestra. Prizes and refreshments. Admission 50c. c2w14

THURSDAY, APR. 10—Bingo, Ladies Auxiliary Canadian Legion, Aurora, 15 games 35c. 2 specials. Share the wealth. Time 8 p.m. in the Aurora Legion hall. c2w14

FRIDAY, APRIL 11—The public is cordially invited to attend the performance of the second and third parts of Handel's Messiah, to be given by Trinity choir, Newmarket, as a Good Friday meditation on the passion of our Lord. The performance will commence at 8 p.m. in Trinity church. c2w11

SATURDAY, APRIL 12—Bingo in Newmarket Town hall. Jackpot \$200. Sponsored by the Holy Name Society. Time 8.30 p.m. c1w15

SATURDAY, APRIL 12—Berkley Street Boys' Harmonica Band, instrumentalists, duets, Music that thrills. Aurora youth

Hospital Is Not 'Bankrupt' But Finances Said Serious

Road Costs On Secondary Sts. Said Tax Drain

In the 1952 budget meeting of town council last Friday afternoon, Deputy-Reeve J. L. Spillette, chairman of the finance committee said that from \$10,000 to \$13,000 "go down the drain each year" for gravel and road oil.

Although many of Newmarket's streets are paved and have curbs and gutters, there are still many gravel roads covered with an oil surface. Costs continue to mount each year for their maintenance.

"What are you going to have 10 years from now?" asked Councillor J. O. Dales. "In that time we spend enough money on gravel and oil to pay for new roads," he said. Reeve Evans said that on the other hand many of the roads would have to be torn up for storm sewers before they were paved.

Mr. Spillette pointed out that many property owners are paying extra for new pavement that has been done recently, under a local improvement plan. The hard part is that these still have to pay for the costly maintenance of gravel roads in other parts of town in general taxes.

A ratepayers' petition was said to be circulating for the pavement of Queen St. from Main St. to the V.L.A. subdivision.

YOUNGSTER DROWNS IN YARD CISTERN AS PARENTS SEARCH

Three-year-old Everitt Garfield Yorke of Belhaven was drowned in a cistern at his home on Tuesday while his parents searched around the yard to find him.

The only son of Mr. and Mrs. Claude Yorke, the youngster had been playing on the verandah with his dog while his mother went to the mailbox 50 yards away. When she returned, the child had disappeared.

Summoning her husband from the barn, she searched the grounds and a neighbor's yard. Mr. Yorke said he first thought of the cistern near the back verandah but when he saw the lid properly in place, he assumed the child could not have fallen in. It is believed that the boy had moved the lid of the cistern, fell into the 10 feet of water and that the lid slipped back into place as he fell.

When the parents looked into the well as a last resort, the father climbed down through the small opening by a rope. Once inside, he was unable to get out again but he held the boy until help came. Dr. M. Tuchte, Sutton, and Police Chief Clifford Mosher, Sutton, worked on the boy for three hours before hope was given up.

CONCERT RENEWALS

Past members of the Canadian Concert Association of Newmarket have until April 15 only to renew membership cards for 1952-53. After that date the membership cards will be available to the general public as well as past members.

Rumor That Bank Has Refused To Honor Cheques Said False

Rumors that York County hospital, Newmarket, had "gone bankrupt" were discounted by K. M. R. Stiver, chairman of the hospital board yesterday. A rumor had been circulating in Newmarket during the early part of the week that cheques issued by the hospital had not been honored by the bank.

Mr. Stiver did say that the financial position of the hospital was serious and admitted that "the bank was apprehensive" about an overdraft which exceeds \$40,000.

"Rumour that the bank has refused to honor cheques is not correct but the financial position of the hospital is desperate," he said. "Everything that can be done is being done," he said. "The only thing we have not talked of doing is raising money by public subscription."

At present the board is asking municipalities who have an interest in the hospital to make special grants in proportion to the number of patients the hospital serves in each community.

The board is asking the municipalities in the county to make up a total equal to the loss of \$11,000 the hospital took last year. Newmarket has recognized the situation the hospital is in and is believed to be granting \$2,600.

The first part of the year is a difficult time for the hospital, according to Mr. Stiver. During the first few months, no grants from various levels of government have come in.

The bank overdraft represents

Corrected Bills Surprise, Give Users Terms

Water and light bills were received by Newmarket ratepayers this month with mixed feelings. The meter readings were corrected with the current bill. Where there had been reductions, there was puzzled silence; where there were increases, there were loud protests. Some of the bills had increased as high as \$20.

Chairman Fred S. Thompson of the hydro commission said this week, however, that where there was an excessive increase, the ratepayer could settle the bill over a period of months. All the ratepayer had to do was to make his arrangement with town clerk Wesley Brooks.

Mr. Thompson stressed that there had been no change in rates. In a letter over the signature of the hydro and water committees, it was said that the meters had been estimated during the illness of the former meter reader, the late Garnet Newsom.

When Mr. Newsom died, the commission employed a new meter reader but later discharged him when it was found that he was not doing his job. The corrected bills are the result. Some ratepayers had been estimated too low; others had been estimated too high. The current bill brings them all up to date.

Next month's bills will be according to the regular reading. Among those who received increases this month, there was a strong belief that the commission should absorb their loss and say nothing more about it. Mr. Thompson pointed out, however, that while such a practice might be followed by a private company, it was not applicable to a public utility.

"The ratepayer is only paying for what he has used in the way of power and water and for which he had not previously been billed," he said.

In the presentation of the hydro report at council Monday night, it was pointed out that the Newmarket power rate was comparatively low for Ontario and that while other municipalities had been increasing their rates, Newmarket's have remained the same.

Amount of power used by Newmarket hydro consumers has doubled since hydro took over the municipal system while number of consumers has increased by only a third.

ARMSTRONG DENIES KING UNFRIENDLY TO FEDERATION

Reeve Elton Armstrong strongly denied statements attributed to a Federation of Agriculture delegation at Whitchurch council last week in which it was said that he was unfriendly to the federation. "That is not so," said Mr. Armstrong. "King has supported the federation with a \$500 grant."

He said that the council had been approached last year for a grant and \$500 had been authorized on receipt of a financial statement from the federation. "We didn't get the statement until this year, and the grant has been paid," he said.

"If requiring some proof of financial responsibility is being opposed, I was opposed, but we insist on such proof before we feel free to hand out the taxpayer's money," he said.

Mill Rate Set At 61, Mayor Resents Levies For South York Roads

When Newmarket's tax rate of 61 mills was set at a special meeting of town council Friday afternoon, Mayor Joseph Vale levelled his sights on the County of York, denouncing the steady increase in the county's tax levy on the northern municipalities of York and the lack of services in return.

The county's jurisdiction over northern municipalities and the grants to them have been decreasing while the tax levy has been increasing, he said. County taxes have increased \$10,000 since 1946.

One of the chief grievances the mayor had, concerned the York county roads and the system of financing them. "We should certainly start complaining about the roads in the southern municipalities which we don't use but which we have to pay for," he said.

"It is true that the whole thing is considered from the southern municipalities' point of view, not from the point of view of the northern 13 municipalities," agreed Deputy-Reeve J. L. Spillette.

"The whole business of the Toronto and York Roads Commission should be scrutinized; it was all right when it was first set up but things have changed," said Mayor Vale. Most of the mayor's grievance was against the cost of east-west roads for which Newmarket pays a share.

The mayor pointed out that the county once provided more grants to schools and that the grants have now diminished. "All grants are going down but the county levy still goes up," he said.

The county levy on Newmarket this year is \$24,000, an increase of \$3,000 over 1951. Since 1947, it has increased \$10,000 he said.

Warden Spillette pointed out that the county contributes \$7,000 towards the Newmarket-Sutton District high school.

"It still irks me to think we have to raise \$24,000 for the county," said the mayor. "I think we should look into the county finances and see about these roads. The time is overdue for the northern municipalities to start stirring things up," Warden Spillette agreed.

"One wonders if amalgamation is beginning again right in county council, if you know what I mean," said Councillor Dales. "The county is asking more money from the north and giving less in services."

Newmarket's mill rate of 61 represents a large increase over last year's tax rate of 54 mills. High school estimates went up \$7,000, caused by an addition of a new wing on the area high school in Newmarket and one in Sutton. The debenture rate was also up four mills.

Only council member who voted against the adoption of the budget was Mrs. R. M. MacNaughton who had been pressing for an arrangement with the North York Humane Society to supply dog catching services and a pound for Newmarket. The society wanted \$2,000 plus revenue from dog tax for the service but other members of council turned down the offer.

ONLY TWO DAYS FOR EASTER SEAL FUND CONTRIBUTION

There are only two days left in which to make your Easter Seal contribution to the Crippled Children's Society through the Newmarket Lions club. The club has been sponsoring the campaign in Newmarket for the last month and while returns have been good, Bob Wonch, chairman, says that they are so far below last year.

The tag day on Saturday brought the campaign \$240. The children who tagged will be presented with passes to Saturday's show at the Roxy Theatre. The children should pick up their passes at Macnab's Hardware.

Americans Phone For Sergeant "Caught Thievin' Up In Canada"

A casual request by telephone from Rowan Oaks, Virginia, to No. 5 district provincial police headquarters at Newmarket, prompted wonder and exasperation at Americans' concept of Canada again.

A female voice with a long Virginia drawl asked which Canadian jail was presently harboring a certain "thievin'" U.S. army sergeant and asked police to "call back and let us know, please."

Confused by the long distance operator's Virginia accent, P.C. Rob. Clark of the Thornhill de-

tachment, taking his turn at desk duty here, Sunday night tried to get the message straight. "He was put in jail up there in Canada for thievin' and he owns his own car," was the explanation from the other end of the wire. It was suggested that the office "contact the sheriff and find out."

"Why they called us, I don't know," said P.C. Clark. "And I wonder how big they think Canada is?" It might be added that a Canadian "sheriff" has little to do with jails or "thievin'" people.

Fear Revenue Loss In Govt. Cheques From Hospitalized Aged

Members of Newmarket council were worrying at Monday night's meeting about how the town will collect old age pension cheque revenue from hospitalized pensioners. Only a few months ago, Mayor Joseph Vale was decrying the fact that the cheques were being taken from the pensioners.

Previous to a change in policy by the government, pension cheques were stopped when old agers went to hospital. Each cheque was turned over to the county, half of it being paid against county hospital costs, the other half credited to the municipality which shares the cost of the indigent patients.

Mayor Vale has been waging a one-man crusade against the practice of taking the cheques from the pensioners. It leaves them with no money for personal needs, the mayor had pointed out. Some pensioners keeping up apartments or rooms had no money to pay rent while they were hospitalized. Many went without small luxuries they must buy while in hospital. In the meantime, some coun-

cillors have pointed out that there are many indigent patients whose hospital bills have been paid by the town while their families could easily have paid for them. Mrs. R. M. MacNaughton noted such cases where a person might turn his home over to his son or daughter and be eligible for an old age pension. When the pensioner goes to hospital, he is classed as an indigent and the hospital, the town and the county pay the bill, she said.

York County Warden J. L. Spillette, Newmarket's deputy-reve, pointed out that the county has enjoyed an annual income of \$60,000 from the pension cheques. Half goes toward county hospital grants and the other half to the various municipalities contributing to indigents.

Newmarket's county council representatives Reeve A. D. Evans, Deputy-Reeve J. L. Spillette and council members were wondering what to do next about collecting the cheques from the hospitalized pensioners. Mayor Vale had left the meeting before the discussion.

Pages from the Editor's Notebook

Our neighbor's moon book holds out a dreary forecast for weather this month and while we have reserved a proper element of doubt about these forecasts, so far, the author seems to have called the shot with uncanny accuracy. Indeed, we fear we have been so preoccupied with watching for signs that would prove him wrong, that we overlooked the surest sign of all.

Last week, Mrs. Orley Hayes telephoned us to say that her husband picked pansies in their garden in the last week in March. Now there, for sure, are signs of spring but how to square such stirrings of nature with the senseless blizzard which wasted the weekend.

Ezra Ewart was into the office on Monday with a collection of old coins which he picked up over the years, most of them from his garden and fields on the farm he had near Bogartown before moving into Newmarket.

Among them was an American gold dollar dated 1851, smaller, although considerably heavier, than the old American silver five-cent piece.

Other coins were variously dated 1813, 1842, 1837, 1852 and 1862, and were of penny and half-penny denomination. The 1813 coin bore the inscription on one side "Trade and Navigation" and on the other, "Pure copper is preferable to paper". We guessed that this coin must have been minted on behalf of some copper lobby in by-gone days.

The other coins were minted by the Bank of Upper Canada, the Bank of Lower Canada, the Bank of Montreal. Most of them bore a likeness of Queen Victoria.

We went to Toronto on Friday to attend a meeting of the Ontario members of Class A newspapers. We thought to save time by taking the third concession and working over to the Clifton road cut-off and so on down into the centre of the city.

The road was empty and we made good time but we were appalled by the advances of suburbia over what used to be good farming land. It is difficult to realize how huge Toronto has grown. The city is broken through its seams in all directions.

We suppose the growth was inevitable but how unfortunate it is that the growth couldn't have been encouraged in more eye-pleasing designs. There were row after row of monotonous bungalows with the inevitable muddy roads and television antenna. How much better it would have been if this growth had been plotted in groups farther outside the city instead of clustered about its outskirts.

We shudder to think of the picture it will present 20 years from now.

In the city we heard talk of plans of certain business houses to move their offices from the center of the city to the outskirts. These business houses in the huge office buildings that line downtown Toronto streets, had expanded during the war and their various branches were scattered about the city. They need new office buildings. Their plans are to rent or build outside the city.

There was their representatives pointed out, no reason why they should have to remain in the centre of the city. New roads were assuring swift transportation around the perimeter of the city. But most of all, it was cheaper. Rents or taxes were lower on the outskirts.

It is not difficult to see what could eventually happen if all the businesses which do not absolutely require a downtown location were to move out. What a blow it would be to the tax income of the centre of the city.

And let us not forget it is only 30 minutes from the outskirts of Toronto to the outskirts of Newmarket.

From the Files of 25 and 50 Years Ago

APRIL 8, 1927
Thursday night of last week was a memorable one for our hockey boys, when the citizens of Newmarket paid a fitting tribute of honor to both junior and intermediate hockey teams in the form of a monster banquet at the Carls-Rite Hotel in Toronto. Four buses were chartered to convey the large gathering of fans to the scene of festivities, and every person present joined in the celebration with enthusiasm and good-will.

The flood of newcomers to Canada this year is even surprising those engaged in the business of transporting them here and settling them on the land and elsewhere. Never before since the war has there been anything like the same number of arrivals in the country so early in the year.

Last Saturday afternoon more than 130 people attended the tea and musicale in the dining room of the King George hotel, under the auspices of St. Andrew's choir. The hostess, Mrs. Lewis, had artistically decorated the room with yellow shaded lights and flowers, the table being beautiful with its yellow candles and daffodils.

King City: A pageant entitled "The Easter Pilgrims" will be given in the United Church on Tuesday evening, April 19. This pageant is highly recommended; the costumes, especially, are very beautiful.

Some of our citizens take great pride in their front lawns, but it grieves them when thoughtless persons tramp the life out of the grass in cutting across the corners.

APRIL 11, 1902
The steady rain on Wednesday gave the ground a great soaking and made the roads very slushy. The sparrows chirp of spring, and they and the other birds are good judges. The lawns have a decided vernal tint; soon the lawn mowers will be clicking again.

Considering the very unfavorable weather, the pancake social in the schoolroom of the Christian church on Wednesday night was a great success. Mr. and Mrs. Clifton took charge of the pancakes and they were served beautifully, while the maple syrup was "A1". After everybody had been fully satisfied, a short program was rendered, comprising instrumental music by Mrs. Everingham, solo by Miss Maude Adams, recitation by Marshall Soules and reading by Pearl Millard.

Toronto: The Simpson Ave. Methodist church choir went on strike last Sunday. Some choir members think that the church can't run without them. A re-organized choir will occupy the singing gallery next Sunday.

The prize lists for the flower show next July are out. Now is the time to select your seeds. The sweet pea competition, open to the pupils of Newmarket public and separate schools, should prove very interesting and encouraging to the children. No charge to enter, and one packet of the best strain of mixed sweet pea seed will be given free to every pupil nine years of age and over who applies for it and agrees to grow the flowers for competition at the flower show.

THURSDAY, THE TENTH DAY OF APRIL, NINETEEN HUNDRED AND FIFTY-TWO

GOOD NEWS FROM MOUNT ALBERT

The most reassuring news we have had in a long time comes from, appropriately enough, the Cheerio Club at Mount Albert. Last week, the club members debated the question: "Resolved that life today is more conducive to happiness than it was 50 years ago" and the affirmative won.

We would have given much to have heard the debate. On what did the debaters rest their arguments? The negative is easy enough to guess. When each day brings its catalogue of death and misery and over us all hangs the threat of an atom bomb, there is no lack of argument for a happier day when death was a less familiar part of existence.

But it is the affirmative side which interests us. What did they claim? Was it the greater life expectancy which we now enjoy? Was it the multiplication of labor saving devices? Was it the great variety of means with which to entertain and amuse ourselves? Or did they believe that in those 50 years, we have grown so in stature that despite the terrors that beset us, we can make within our own world a happier time?

Whatever their arguments, the affirmative side did more than win a debate; in their own way, they affirm a faith in man's progress and such affirmation is needed now more than ever before.

ASTONISHING LACK OF CONSIDERATION

The letter of explanation which was included in last week's water and light bills in Newmarket was hardly adequate, as a letter to the editor in this issue testifies. Those responsible for the administration of water and hydro matters made a grave error when they permitted these discrepancies to occur. But once the error was recognized, they still might have retained public confidence if they had shown a little more tact in rectifying the meter readings.

Some of the bills had differences of close to \$20. To place such a reckoning before a householder, under the usual terms of water and light bills, was downright crude. Some consideration should have been given to levelling out the differences over a period of months. The householder should have been given time to make up the extra payments.

Where public utilities are administered by the equivalent of "volunteers" mistakes in judgment are bound to occur. In this instance, the mistake is acknowledged; but that has not been enough. Having made the mistake, it could not be expected that the public would cheerfully pay the corrections. The public should have been treated with more consideration.

There is a strong body of opinion which insists that the water and light commissions absorb the mistakes within their operations and call it quits. This would be a foolish undertaking as the water and light commissions recognize. These utilities are not private corporations; such losses as have been incurred cannot be taken out of the firm's pockets as would be the case in private business. If the losses arising out of incorrect meter reading are not collected from those who have been the unwitting victims, they will have to come out of the tax-rate anyway. The method followed by the water and light commissions is the only practical way.

But the fact remains that some consideration should have been given the public, and notice of these considerations clearly given in the letter accompanying the bills. It would have saved much which has been lost in respect and confidence in the administration of these utilities.

RESTS WITH FARMERS

The Holland River is at flood this time of year. The ditches along the roadsides run deep and many fields have spring watercourses cutting their wasteful way across the land. While this run-off is an encouraging sign of spring, it is a discouraging sight for those who are conservation minded. One cannot help but wonder how long it must be before the retaining of that water will be an essential part of all farming.

The Holland valley now has a conservation commission and in time, its efforts will contribute to the maintenance of natural resources in the valley. But the

real work of conservation remains with those closest to the land. Upon their willingness to learn and practice methods of farming which will hold water on the land rests any wide-spread and useful conservation program.

Too frequently, we think of conservation in terms of trees planted or dams built. They are important to conservation but they are certainly not the most important. Moreover, such projects cost tremendous sums of money. The farmer can accomplish far more by studying his methods of farming, and keeping an open mind to the proposals of the conservationist.

Granted there are far too many fads in conservation but these should not blind the farmer to the essential worth of basic proposals. Granted too is the irritation which must accompany the reading of such editorials as this. The farmer must become weary of all the free advice that he is being offered. After all, it is easy enough for the conservationist to observe from a comfortable chair that contour plowing is the thing, and that really, old chap, you should sow more grass. But impatient as the farmer becomes, he must recognize that on him depends the success or failure of a conservation program and upon that success or failure rests his own and his son's future.

LESSON FOR THE LEARNING

Those who propound the blithe proposals for an easier life for the dairy industry generally might give some thought to the implications of the decision of Newmarket dairies to resume six-day milk deliveries. The dairies had switched to a five-day delivery. They went to six days for the simplest reason of all, the customers were not buying enough milk.

Despite the fumbling efforts of the milk board to treat the dairy industry as something removed from the facts of supply and demand, milk remains just like any other commodity. It requires some effort to sell it. Heaven knows, there are enough substitutes to take the place of bottled milk if the effort to sell is lacking.

The dairy worker sometimes acts as if the dairy farmer existed by the grace of his efforts instead of the other way around. But while the dairy farmer could shortly find a substitute to present methods of milk distribution, we doubt if the dairy worker in the city could find a substitute for the industry which provides him with the milk on whose sales he makes his living.

The sooner that fact penetrates the thinking of the milk distributing industry, the better. The experience in Newmarket should help.

COUNTY TAXES

In last week's presentation of the budget, Mayor Joseph Vale was critical of the county levy upon the municipality. He questioned the value of the return on the increasing tax which must be paid. He is not alone in this. In other parts of the county, municipal officials have wondered aloud if the county administration is practical. There have even been echoes of such criticism from the city which contributes to county through the Toronto and York roads commission.

The difficulty is that the county is badly divided physically, and the outlook of its members also varies. South of Richmond Hill, the county is becoming an urban development. North of Richmond Hill, it remains essentially a rural area. Because of the huge development in the southern municipalities, there is a heavy drain upon county funds. The slower moving north is comparatively neglected.

As this situation is aggravated, as it is bound to be over the next few years, talk of dividing the county into two sections will become more common. But will it be practical? That is the big question. Will the north end of the county lose more than it will gain by separation? When amalgamation was being discussed two years ago, it was believed then that the north end would be very much the loser, that the facilities which it would have to maintain as a county unit would be far more expensive than is now the case.

Possibly, there is a change in that situation. In any event, it would be a practical undertaking if a committee were to study the question. It would certainly settle the arguments and criticism one way or another.

Office Cat Reports Catnips By Ginger

Your favorite correspondent has received a number of letters of comments on last week's column about the possible historical value of pieces of rubble in the old fire hall and registry office they're tearing down.

Quite innocently we had repeated a conversation in which there was mention of this locale once seething with Family Compact supporters during the days of rebellion.

One irate writer from Thimbleberry Township says: "Dear Office Cat: I might be kinda old seen I've passed 90 winters but danged if I'm goin' to sit back and let whipper snappers like you cast aspersions on the brave ancestors of our community who were the strongest, most fearless and proudest of all the reformers in Upper Canada."

"As my pappy used to tell me when I was a fledglin', there's one thing about yer family, son, they was always loyal to Mackenzie and many of 'em put the fear of the devil into those Compact folks."

On the other hand, Col. Wellington Fitz-Privy, a district gentleman farmer, writes, in part: "My great-uncle, Major Thaddeus Fitz-Privy, a once-honored citizen of this area, personally attended the hanging of Lount as a representative of the loyal subjects of the Queen in this part of York. Your article brought this proud recollection to my mind and we all are reminded in these days that there are no longer, thank goodness, any infamous elements as in those days of rash rebels and outlaw renegade hoodlums who sought to wrench from us our heritage and traditions which we so dearly cherish."

It is a revelation indeed to find after all these years, such widespread opinion almost as in the days of rebellion. Little did we know that the heat of the rebellion still warms the blood of our citizenry, blood which we thought had been cooled by time.

The power of the pen sometimes strikes fear into the heart of your favorite correspondent. Why, it is possible that by mere suggestion, we could renew the rebellion by heating the blood of the patriots of North York into a boil once again.

Maybe there is some of that blood in our very own veins. Come to think of it, at the last council meeting, the mayor said something that sent a shudder through me, stirring up a surging desire to organize. He was talking about county road expenditures and in an enthusiastic moment, said, "If something isn't done, the northern municipalities are going to rise up in revolt!"

Revolt! The very word seemed to explode in my brain. I ground my teeth and stretched my claws in a brief moment of fury. I saw myself leading a party of upsurgeds down Yonge St., headed for the county building on Adelaide St., stoning the windows and shouting for independence.

Another lady from the third ward: "Your article about the old town buildings and historical items was much enjoyed. Our Institute has a piece of old pottery which is said to have been kept under Governor Simcoe's bed while he was charting roads up in North Thimbleberry. I wonder if you would mention it in your worthy column because I feel that someone might come forth and authenticate it. There are many authorities who make a collection of such articles and I am sure someone will come forth and identify it."

It is indeed with great pleasure that we receive these comments and questions about local history. It is our opinion that such interest in our heritage and historical background should be encouraged at all times. These columns are ever at the service of the cause of historical research.

Mrs. Gladys Kanbee writes: "You are doing a wonderful work. Keep it up. Would you speak at our Happy Gatherers' club on the 27th of the month. We need a speaker and roll call happens to be 'Bring A Historical Item'. I am sure you would be a most interesting one."

And the construction jobs get started, and we are back where we were, as bad as ever, without labor.

Undoubtedly some of these disadvantages could be changed by better planning and some way of training labor. Some could be helped by mechanization. But these are the outside aids. We feel too that the farm employer will have to change his attitude in many respects. We might as well face the facts that our way of thinking about labor is too often conditioned by the wages and conditions of work which prevailed 20 years ago, in cheap labor times—it was also the time of cheap pork, milk and beef. And anybody who thinks that we can have today's prices, whatever they are, and wages of 20 years ago, just better wake up and soon.

We will have to change our minds about hours of work too. We read recently about an experiment with identical twin heifer and bull calves. In these experiments they found that when one group was milked twice a day, eight and 16 hours apart, and another group 12 and 12 hours apart, there was very little difference in their production. In other words, one could, according to this, hire a man for an eight-hour day and have a dairy farm.

We haven't tried this yet. But we wonder, how soon it will come.

Farm groups should insist that unemployment insurance and workmen's compensation be extended to farm labor. Some sort of pension scheme on a county or township basis would be a good idea. It isn't so much a matter of wages as it is of general working conditions where farm labor doesn't get what industrial workers do.

THE OLD HOME TOWN By STANLEY

The state is the servant, not the master, of the people; the state is their guarantee against infringement on their rights, their agent in international and national issues; it is not the function of the state to assume the direction of those activities which rest on individual choice.

THE HISTORY OF

York County Hospital

This is the final part of the text of an address
on The History of York County Hospital by W. H.
Eves, long-time member of the board, to the Hospital
Aid.

At a meeting in September,
the deed of the Cane property
was secured and the first plans
submitted were for a wing at the
south to make two stories, two
public wards of six or eight beds
each and a third storey over this
wing for nurses' quarters. These
tenders were for more than our
funds would allow so new tend-
ers were called for, leaving off
the nurses' quarters, and the
following tenders were granted:
Ewing, general, \$15,980; Mathe-
w, roofing, \$423; Patterson,
plumbing, steam-fitting, \$4,890;
Binns, wiring, \$728; Eaton's,
linoleum, \$226; Aikenhead, hard-
ware, \$391.

You will note the contract is
\$15,000 more than architect's es-
timate of \$11,000, but these
tenders included the two new
wings, the one at the south
making two public wards, utility
rooms and toilets, also the one
at the west for the x-ray room
and solarium. These were not in
the estimate of \$11,000.

During the months of Novem-
ber, December and January,
work progressed very favorably.
Partitions were taken out and
new ones put in and electric
wiring was progressing. Steam-
fitters and plumbers were get-
ting along rapidly with their
work and the new additions at
the south for two public wards
and the west additions were
roofed in.

Now the steam-fitters were
using the old electric wiring to
operate their machines and there
was a short circuit in the elec-
tric wiring and the original Cane
building was totally destroyed by
fire but the two new addi-
tions were saved. Fortunately
the directors had put \$15,000
fire insurance on the building
when they took over the prop-
erty and the committee were
successful in collecting \$14,400.

It isn't often that a fire is a
good thing and certainly not a
money-maker but in my opinion
this proved a good thing for the
hospital. New plans were drawn
making the main building with
a straight front as it now ap-
pears, also there was quite a
large addition on north-east
corner being a more attractive
structure and although it cost
the board considerably more
money it makes the building
more in keeping as a public
building.

On March 28, 1926, new ten-
ders were opened for the new
building and was authorized as
follow: Ewing, general, \$30,598;
Patterson, plumbing, \$4,720; For-
ester, heating, \$5,110; Binns, wir-
ing, \$1,428; Aikenhead, hard-
ware, \$896; Eaton's, linoleum,
\$991; dumb waiter, \$290; total
\$44,033.

The insurance collected as
\$14,400 and the first contracts
were \$26,038. So the cost of the
new building was only \$3,595
more than the original Cane
building with its addition would
have cost. But I am sure in the
long run we are ahead of the
game in appearance and lay out.

Mr. J. F. Harvey, who was
first president, resigned in Feb-
ruary, 1928, and George W.
Mark was elected to the chair.
Owing to the death of H. S.
Cane, his residence was sold by
auction and was purchased by
the directors for a nurses' home
at a price of \$4,050. The direc-
tors raised a mortgage of \$4,000
and paid the balance out of gen-
eral funds and the following
year they spent over \$1,000 on
the interior and heating plan.

Some of you will be asking
where did all the money come
from, so I had better make some
explanations.

In the first place you will re-
call that everything was cheap.
All food and supplies, also
nurses' wages and trained nurses
were plentiful and their wages
were \$35 to \$40 a month and
board. Also we ran a training
school where the girls served
three years. First year at \$5 a
month, second \$6 a month, and
third year \$7.50 a month and

board and lodging. There seem-
ed to be an over supply of pro-
fessional nurses at that time and
later the Nurses' Association had
the government pass a law
that no hospital could have a
training school with less than
50 beds. This put us out of
training school for nurses. There
may have been a good reason
for some of the small hospitals
were not giving the girls the
proper training it is said.

Another question you may ask
is why not start a training
school now. In the first place,
hospitals are finding it hard to
get girls to train at very much
higher wages as girls can go to
a commercial school for a short
time and obtain a position from
\$30 to \$40 a week. One of our
greatest assets was our ladies,
our Hospital Aid. The revenue
obtained from them was very
pleasing indeed. I did not have
the cash book so cannot give any
figures but on reading the min-
utes, there was scarcely a meet-
ing that the secretary was not
thank them for some gift or for
money donated or payment for
some equipment. The ladies held
a garden party each year, sold
tickets on something and as I
recall, always made money. I
also remember them canvassing
one fall on the housewives to
donate a few bottles of fruit,
also different vegetables, which
helped a large amount. In fact,
I do not know how we ever
could have done without them.

The first years of the hospital
operations there was a daily
average of three to five patients.
I see another report a little la-
ter where there was a daily av-
erage of eight to 15, also a no-
tation that the public were be-
coming more hospital consci-
ous. There was a steady in-
crease in daily patients each
year and we had in later years
a daily average of 30 and once
or twice I saw where we had as
high as 40. You may ask: Where
did we put them as our capacity
was 30 beds and six bassinets?
The Hospital Act demands so
many cubic feet per patient.
Extra beds were put in wards
and sometimes in the halls, and
I saw at one time as many as
12 babies in one little room,
that was not to have over six.

I notice we nearly always had
a surplus of receipts over ex-
penses when we had a fair daily
average.

It is not my intention to give
any facts or figures on the new
wing that was built in 1944 and
1945 for I was asked to speak
on the beginning and organiza-
tion of the hospital so I will not
go further than 1936. The reason
for going this far is as stated,
the directors issued \$30,000 of
bonds. They were to be paid at
\$1,000 a year with interest. As
we had money on hand the sec-
retary-treasurer was instructed
to purchase any bond from bond-
holders who would sell before
due. In 1936 all bondholders
were written to ask if they
would sell their bonds for there
was money on hand to pay
them all. After we had paid
to all that would sell there was
\$5,100 still unpaid and these
bonds, some of them were to
run till 1953, so the directors in-
vested \$5,129.59 with the Ster-
ling Trust Co. for a trust certifi-
cate that pays each bond in full
when due with interest.

It is a pleasure to report that
by August 1, 1936, the hospital's
first buildings and equipment
and furnishings with all bonds
and interest were all free from
indebtedness.

Since then, especially from
1939 to 1940, things have chang-
ed as no doubt many, if not all
of you know. There is a terri-
ble struggle now to keep even
with income and expenses. This
we have not been able to do the
last few years and as I have
reported that the hospital was
able to pay all indebtedness,
also bonds and running expenses
up to 1936, may cause some of
you to surmise that the manage-
ment the last few years are not
as good as former's. This is not
the case.

The real reason, as I stated
earlier in my remarks, that the
first 15 or more years, every-
thing was cheap, wages, food
and general supplies. With the
beginning of the second world
war, things began to change.
Food, supplies, got higher and
higher; also all wages. The
nurses and all help now are re-
ceiving over three times as much
salary as formerly. Also, they
only work eight hours a day,
where they used to work 12,
which means there has to be a
third more nurses to do the same
work. Also extra labor used to
work for a dollar a day. Now
you have to pay most labor a
dollar an hour.

In summing up, wages, food
stuff and general supplies are
over three times as much as they
were before 1939, the beginning
of the second world war. You
may ask why doesn't the Board
raise the rates accordingly. The
Board has raised their rates but
not quite double. High ward
rates work a hardship to the pa-
tients, so the Board has tried to
keep them as low as possible.
So you can understand why it is
hard to make income balance
expenses.

May I say here that there is

JACK SMITH WRITES

Ottawa Letter

A weekly letter from the member of parliament
for York North.

Peace is costly in this cold-war world. National
Security and Social Security are the two objectives in
considerable measure responsible for the large figures
in Canada's budget presented here Tuesday evening.

The budget while making
some welcome revisions in our
tax structure confirms the
warnings given by the Prime
Minister, the Minister of Finance
and others that under existing
world conditions national ex-
penditure is bound to remain at
a high level.

In order to make any great al-
teration in the expenditure or
tax picture it would be neces-
sary to have the cold war called
off, and social security decreas-
ed. Neither seems likely in the
immediate future.

Cost of Living
Canada's cost of living is start-
ing to level off and the Bureau
of Statistics report for February
and March show a decline. This
is welcome news and it is grati-
fying to the government that its
policy against inflation is pay-
ing off with results. In com-
menting on the satisfactory trend
in the national economy, Hon.
C. D. Howe expressed satisfac-
tion and hope that all elements
in the nation would co-operate
to maintain this condition. "The
situation looks hopeful," he said,
"if someone doesn't start to rock
the boat."

Maybe, Another Province
A suggestion sometimes heard
here is that Bermuda and the
British West Indies should be
added as an eleventh province to
Canada.

Advocates of the suggestion
say there is much in favor of
the proposal and that it would
be mutually beneficial. It is
said the products of both coun-
tries are complementary rather
than competitive and there is
some fear that if union with
Canada is not brought about the
Indies may drift into union with
U.S.A. If this should happen
Canada would lose a valuable
market.

Senate Committee
The senate sometimes criticiz-
ed for inactivity is increasing the
scope of its work this session.
The finance committee is under-

taking a detailed study of taxa-
tion in Canada and has been
authorized to secure all avail-
able records related to federal,
provincial and municipal taxa-
tion. The committee will en-
deavour to assess the impact of
some six billion dollars of taxa-
tion on the various taxpayers
in Canada.

About Money
Next year in Canada there
will be two billion pictures of
Queen Elizabeth II printed.
This is a rough estimate of the
first year run of stamps, coins
and bills bearing a portrait of
the new sovereign. None of the
coins, notes or stamps now be-
ing used with the likeness of
King George VI will be with-
drawn, but the new issues will
gradually replace the old ones
as money becomes worn and
stamps sold.

Coins are not withdrawn un-
til they are worn out and some
of those issued in the reigns of
Victoria, Edward VII, George
V and George VI are still in cir-
culation.

Authorities tell us that bills
in the lower denominations last
only an average of nine months
before they become too tattered
for further circulation. Fives
and tens are good up to 12 to
15 months; \$20 bills have a life-
time of two years, and those
who are fortunate enough to
handle \$50 or \$100 bills are suf-
ficiently careful of them to pro-
long their life to more than
three years.

Parliament is now adjourned
for the Easter recess which ex-
tends from April 9th to the 21st.
During this period I look for-
ward to the opportunity of visit-
ing throughout the riding and
hope to have the privilege of
discussing national business
with many constituents through-
out North York. If you have
any particular problem with
which I may be of any help, I
will be available at my office
in Richmond Hill.

Our readers write

Letters to the editor are always welcome but the names of
the writers must be known to the editor.

LIGHT, WATER BILLS

The Editor: This week a large
number of Newmarket citizens
received their light and water
bill and found to their dismay
and anger an assessment of from
four to six dollars (and in some
cases higher) more than usual.

A letter enclosed with the bill
explained in somewhat dubious
fashion the reason for the in-
crease. The reasons, as out-
lined in this note, are so ridicu-
lous as to arouse pity rather
than anger or laughter at the
commission's attempt to save
face for the apparently inefficient
or indifferent manner in which
they handle their jobs.

But the maddening part of it
all is that the consumer has no
choice but to pay up or else.
In a day when the consumer is
at the mercy of so many money-
grabbing profiteers from which
there is no escape or protection,
it seems to me that a public util-
ities commission is taking unfair
advantage of their protected
position.

They are simply laying the ex-
pense of inefficient operation on
the people who can least afford
it, instead of absorbing the losses
within their own sanctum.

Perhaps the Era could obtain
access to the commission's af-
fairs and give the people a truth-
ful and complete explanation of
their method of operation and
also of how they arrived at the
"accurate" figure they obtained.

Larry Sheff,
115 Andrew St.,
Newmarket.

HISTORICAL RESEARCH

The Editor: I want to con-
gratulate you on printing the his-
tory of Sharon. The preserva-
tion of local history is one of
the big services that a local
newspaper can give the com-
munity and which helps to build
up the history of the people of
the country.

It is an encouragement to his-
torical research too for you to
print such an article as that on
the Kinghorn school in your issue
of March 27.

So many of the older gener-
ation are dying that much of
more than local interest will be
lost if local historians are not
encouraged in such a practical
manner as you are doing.

Yours truly,
Marjorie Jarvis,
Jarvacres, King.

great need for your Ladies' Hos-
pital Auxiliary assistance. What
you are doing, I can assure you,
is very much appreciated by the
Board.

I trust that all the data and
figures I have given you has not
been too boring for I have only
touched on a few of the high
spots.

I trust it will bring to your
memories the difficulties that
have been surmounted in the
past and stimulate you for your
work in the future.

BETTER SELLING

The Editor: We should do some
more thinking about this hog
business. Is reduced production
really the solution to our prob-
lem? It may appear the obvious
one in these bad times, but it
seems to me to come from a
defeatist attitude. Yet those of
us who believe in maintaining
volume of production have not
so far used enough imagination
in presenting our case. Rather
than reduce output, why not try
to expand existing markets? The
best Canadian bacon is one of
the finest in the world. Certain-
ly it is the best on this con-
tinent. Why not tell people so?

Breakfast food manufacturers
sell quantities of cereal grains
by widespread advertising. Why
should not the hog producers ad-
vertise in the same way? When
they have top quality lean ba-
con to sell, their product, rich
in protein, is more desirable
from a nutrition angle than
starchy cereals. On this sound
basis, they should spend thought
and money on top quality adver-
tising.

How can the advertising cam-
paign be paid for? About 5-
6,000,000 hogs are marketed an-
nually in Canada. A sum of 25
cents per hog sold would pro-
vide over \$1,000,000. That would
represent less than one percent
of volumes of sales, a reasonable
sum to devote to public rela-
tions. Cereal manufacturers
spend a larger amount to sell
their products.

This scheme would only be
workable in conjunction with a
hog marketing plan and should
have the advantage of making
producers independent of gov-
ernment support.

Yours truly,
Maurice de Cheveigne,
Sutton R. R. 2.

**OBITUARY
Seth Kirtan**

Following a lengthy illness,
Seth Kirtan passed away at his
residence, 224 Main St., New-
market, on Friday, Mar. 28, 1952,
in his 88th year.

He was born in East Gwillim-
bury township and had always
been a farmer, retiring in the
spring of 1922 and moving to
Newmarket.

He is survived by his sister,
Mrs. Wm. Rolling, and one brother,
Robert Kirtan.

Pallbearers were six nephews,
Frank Kirtan, Darcy Kirtan,
Stanley Rolling, Howard Rolling,
Morris Sanderson and Kenneth
Sawdon.

Interment was in Hartman
cemetery.

Booth and father of Gordon, Douglas, Wilburn, George, Annie (Mrs. Earl Drury), Vera (Mrs. Russell Dingman), Jean (Mrs. Willard Bone), Service was held on Tuesday, April 8, Interment Newmarket cemetery.

FEREN — At Gravenhurst Sanatorium, Wednesday, April 9, 1952, Leonard Arnold Feren, husband of Violet Norva Irene Billing, father of Joffre (Estawa), Norma, Ellen, Earl and Paul of Aurora. Resting at the Thompson Funeral Home, Aurora, for private service Saturday, April 12 at 2 p.m. Interment Aurora cemetery.

KAUS — Suddenly, on Sunday, April 6, 1952, Florence Haskett, wife of George Kaus of 20 Elgin St., Ajax, and mother of Helen (Mrs. Ross Dunbar) of Toronto, Audrey (Mrs. Robinson) of Ajax, Margaret of Winnipeg, and George, Barbara, Joane, Clarence and Paul of Ajax. Service was held on Wednesday, April 9, Interment Pickering R.C. cemetery.

GLADMAN — At Barrie, Ont., April 8, 1952, Joseph George Gladman, brother of Herbert M. Gladman of Newmarket. At the chapel of Fred W. Matthews Co., 665 Spadina Ave., Toronto. Service in the chapel Saturday afternoon, April 12, at 1:30 p.m. Interment Mount Pleasant cemetery.

JARDINE — On Monday, April 7, 1952, Sara Daly, wife of Thomas Stanley Jardine, of 15 Newmarket Ave., Toronto, mother of Lorna (Mrs. T. C. D. Churchill) and Janet (Mrs. H. L. Williams); sister of Mrs. Margaret Hopkins, Toronto, and Miss Helena Daly, Newmarket. Service was held on Thursday, April 10, Interment Pine Hills cemetery.

LAVERLE — At York County hospital, Newmarket, on Wednesday, April 2, 1952, James W. Lavelle, husband of Alice Quantz and father of Harold, Toronto, in his 75th year. Service was held on Saturday, April 5, Interment Aurora cemetery.

YORKE — Suddenly on Tuesday, April 8, 1952, Everett Garfield Yorke, in his third year, son of Mr. and Mrs. Claude Yorke of Belhaven, Ont. Resting at his late residence. Funeral service on Friday, April 11, at 2:30 p.m. Interment in Queensville cemetery.

IN MEMORIAM

ASHBY — After 63 years of courtship and wedded life my dear wife, Zilpah Ann Ashby, passed away April 14, 1951, in her 82nd year.

One year has passed dear Zilpah, though it seems but yesterday, I was sitting at your bedside, waiting to see those twinkling eyes.

But the dear Lord knew how much you had suffered, He took you to the home on high, Where there is no pain or sorrow, And when we meet to part no more.

She is not dead but sleeping.

A sorrowing husband, Edwin Ashby.

BLIGHT — In proud and loving memory of our dear son and brother, W.O. W. Gerald Blight, in his 23rd year, and the members of his crew who lost their lives April 14, 1943, over enemy territory.

If at the end of the journey, In heaven we meet our own, In Heaven, dear son, we will find you.

When the race of life we've won;

We will stand once more beside you.

With God calls for us to come.

So sadly missed by mother, dad, Grant and Lois.

DEAVITT — In loving memory of my parents, William H. Deavitt, who passed away March 31, 1951, and Ida May Deavitt, who passed away April 13, 1951.

We do not forget them, we love them too dearly.

For their memory to fade from our lives like a dream;

Our lips need not speak when our hearts mourn sincerely,

For grief often dwells where it seldom is seen.

Lovingly remembered by son Ernie, daughter-in-law Eva, and grandchildren Jean and Donnie.

DEAVITT — In loving memory of mother, Ida Mae Deavitt, who passed away suddenly April 13, 1951.

In my heart your memory lingers.

Sweetly tender, fond and true;

There is not a day, dear mother,

That I do not think of you.

Merland

DEAVITT — In loving memory of a very dear mother, Mrs. Wm. Deavitt, who passed away April 13, 1951.

A wonderful mother, woman and aid.

One who was better God never made;

A wonderful worker, loyal and true.

One in a million, that, mother, was you;

Just in your judgment always right.

Honest and liberal, ever upright;

Loved by your friends and all you knew.

A wonderful mother, that, mother, was you.

Lovingly remembered by Percy, Betty and Sharon Anne.

O'DONNELL — In loving memory of our dear mother, Eliza O'Donnell, who passed away April 15, 1950.

Two years have passed dear mother,

Two years have passed dear mother,

Two years have passed dear mother,

Since you were called away; How well do I remember, That sad and weary day.

Oh what would I give to clasp your hand,

Your dear kind face to see;

Your loving smile, your welcome voice,

That meant so much to me.

No one knows the silent heart-ache,

Only those who have such can tell;

Of the grief that is born in silence,

For the one I loved so well.

But many silent tears are shed,

Always remembered by daughter Mae Pollard and son-in-law.

ROSE — In loving memory of our dear mother and grandmother, Elsie M. Rose, beloved wife of Chas. H. Rose, who passed away 8 years ago.

Her thoughts were all so full of us.

She never could forget;

And so we think that where she is

She must be watching yet.

As angels keep their watch up there,

Please God, just let her know,

That we down here do not forget,

We love and miss her so.

Sadly missed by son Leslie, daughter-in-law Marion, grandchildren June, Murray and John.

THOMPSON — In loving memory of a dear husband, James H. Thompson, who passed away April 14, 1946.

Sweet memories will linger forever.

Time cannot change them, it's true;

Years that may come cannot sever

My loving remembrance of you.

Sadly missed by his wife.

CARD OF THANKS

More words are inadequate to express our gratitude to each and everyone who helped us through our days of sorrow with beautiful flowers, words of sympathy and deeds of infinite kindness. We can only say thank you so much.

Mrs. Norman Sheridan and family.

CARD OF THANKS

I wish to thank my relatives and friends for their lovely cards, letters and boxes of eats. Thanks are extended to the Ravenshoe church and Mount Zion church for boxes of fruit. Rev. Campbell and Rev. Priddle for their visits during my illness; also the neighbors who offered assistance, and Garnet who so faithfully did my chores.

James Milton

CARD OF THANKS

I would like to take this opportunity to thank my friends and relatives for the cards, gifts and well wishes during my stay in York County hospital, also Dr. MacPherson and the nurses and staff.

Carl Sedore

CARD OF THANKS

The family of the late Paul Bennett wish to thank relatives, friends and neighbors for their kindness during their recent sad bereavement. For the beautiful flowers, words of sympathy and many deeds of kindness, we are truly grateful. Special thanks are extended to Rev. F. Breckon for his comforting message.

The family

CARD OF THANKS

On behalf of Wendy, we wish to thank all her friends, neighbors and relatives for their many cards, gifts and inquiries following her recent accident. Special thanks are extended to the nurses and doctors at the Hospital for Sick Children and also Dr. J. G. Cock for their wonderful care.

Mr. and Mrs. Don Burch

ENGAGEMENTS

The engagement is announced of Dorothy Elaine Wilson, Kitchen-er, daughter of Mrs. Everett E. Wilson, 85 Union Blvd., and the late Mr. Wilson, to Mr. Jack Wil-son, 414 St. George St., Newmarket. The marriage will take place Saturday, June 7, 1952, at three o'clock in Knox Presbyterian church, Waterloo.

MOTHERS PREPARE FOR GUIDE BANQUETS

The Newmarket Guide Local association will meet with the executive of the Scout-Guide Mothers' auxiliary at the home of Mrs. Bert Budd on Thursday, April 24, at 8 p.m. Plans for the mother and daughter banquets, which will be held in May, will be discussed.

The banquet for the Brownies and their mothers will be held in the Scout hall on Thursday, May 29, with the Guides and their mothers holding their banquet on the following night. The local association will plan the program and finance the two evenings with the Mothers' auxiliary providing the desserts and catering for the banquets.

MOUNT PLEASANT

The heavy rain of Saturday has left the country roads in very bad condition.

The Women's Guild will meet at the home of Mrs. Killen on Tuesday, April 15, at 2:30 p.m. Mrs. Bernard Davidson is in Toronto General hospital, and we hope for a speedy recovery.

AURORA SOCIAL

Mr. Victor Attridge returned home on Friday, April 4, from his seven-weeks' vacation in Florida.

Principal Gives Views On Parent - Teacher Relations In Schools

Speaking at the March meeting of the Newmarket Home and School association on "Better Parent - Teacher Relations", Samuel Jefferson said, "Any two individuals as closely interested in a pupil as the parent and teacher should be in 100 percent co-operation." Mr. Jefferson is principal of Alexander Muir school.

"Of course, as the teachers point out," the speaker continued, "they are trained for their job, but the parents like Topsy just grow'd up."

"Teachers live in the public eye and the parent is only one of the public the teacher must face. The teacher has six public—the class, the supervisors, other members of the staff, the general taxpayers and other members of the teaching profession."

"For better relations the teacher and the parent must be thoroughly acquainted. It is not enough that they know each other's name. But, they must know the other's background, aims, hobbies and interests. They must be aware of what each wants to do. As a parent, you have to be able to put your trust in that person. You must know that they are genuinely interested in your child."

"Parents should know more about the curriculum. They should know what is being taught in the schools. Changes are made from year to year and since the time when the parent was himself a pupil, the curriculum has undergone much revision. A parent can't co-operate in helping the teacher with his child if he is unaware of what the child is expected to learn."

"Parents should know more of what is going on in the schools. When do many parents visit the schools? For the Christmas program. For open house, providing nothing else interferes with it. Most frequently the parents a teacher most wants to see are the ones who never visit the school."

"The interested parent will make a point of knowing what is going on in the schools in his community. This group of parents form the Home and School associations throughout the country. A disinterested parent all too often means a disinterested child."

As both a parent and teacher, Mr. Jefferson attempted to present his topic from both points of view. He said that shortage of time prevented him from listing the shortcomings of teachers. But he mentioned several points which frequently cause friction between the two groups. "The teacher must think of the matter from the parent's

viewpoint. A youngster leaves his book home. Nothing is done. The same thing happens with the same results, but one rainy, cold day the book is again left home and that is the day when the teacher decides to send the boy home for his book.

"Often in stormy weather the parent will make arrangements to meet the child after school thus providing transportation for him. That is the day the teacher keeps him in while the parent waits. . . . Parent-teacher relations reach the zero mark at these times."

"Noon hour supervision is another cause of friction. Teachers should make certain that the child is on his way home in good time for his dinner. There will be some who will appear to go home, but will stay to play marbles. Parents in turn should consider whether it is necessary to keep the child at school for his lunch. When this is required the teacher does not mind, but when one after another decides to remain for lunch and she has 30 to 40 to supervise during the noon hour, it means a long day without a rest period for her."

"Lost clothing causes many difficult moments in relations between the home and school. Parents should see that children's clothing is plainly marked for identification. That the child is able to manage the garments himself and that he is taught to be responsible for them. The teacher in turn should make an effort to see that no child leaves on cold days without his cap or mittens or with coat flying open."

"Years ago the theory was that the child was born bad. Caning was needed to bring out the good. Later the pendulum swung to the other extreme with the idea flourishing that the child was good and couldn't do bad. Corporal punishment was abolished."

"The trend these days is to a middle-of-the-road theory. Corporal punishment is unpleasant to the teacher, to the parent and also to the child, but when the child's action is dangerous to others, the teacher must resort to corporal punishment."

"Corporal punishment is never the perfect answer. It is never the one anyone wants to have, but it is the only one in some cases."

"In closing, I'd like to leave with you the idea—accent the positive and eliminate the negative. Stress work that is done well. Teachers should remember that parents who are interested in their children will not be critical of her work. Parents would do well to remember that most teachers are also interested in their children."

POLLARD - STEPHENSON

A quiet wedding was solemnized at the United church manse, Keswick, on Thursday evening, Apr. 3, 1952, when Patricia Gwendolyn Stephenson, only daughter of Mr. and Mrs. J. W. Stephenson, Hamilton, was united in marriage to Lloyd Edward Pollard, only son of Mr. and Mrs. Elmer Pollard, Keswick.

The bride was gowned in a grey-blue charmaine suit with matching accessories and corsage of pink carnations.

Her bridesmaid, Miss Audrey Couch, Zephyr, chose a skipper blue gabardine suit with matching accessories and a corsage of pink roses.

Mr. Donald Andrews, Mount Albert, cousin of the groom, was best man.

At the reception following the ceremony, a buffet lunch was served at the groom's home.

The couple left for a motor trip to Detroit, and on their return they will reside in Hamilton.

MISSIONARY CIRCLE LEARN OF BOLIVIA

The Women's Mission circle, Christian Baptist church, Newmarket, met on Thursday, March 27. Mrs. William Epworth presided.

Following the regular devotions, Mrs. William Robinson gave items of interest from the Canadian Baptist paper. Mrs. Fred Breckon told a story from "The Link and Visitor" of the work being done by Rev. Peter Kelley. The topic, "Bolivian Life" was ably presented by Mrs. Epworth and added interest to the account was provided by several members appearing in costumes of the Bolivian people.

GROUP HEARS BISHOP WEBSTER

On Monday evening, Mar. 31, His Excellency Bishop Webster attended a special meeting of the Newmarket Catholic Women's League. In his address Bishop Webster outlined the expansion program now in progress in the Toronto archdiocese. There are now more than 75 active subdivisions, and more are to be formed in the near future. His Excellency stressed the importance and benefits of unity.

Mrs. Mary Fish thanked the speaker on behalf of the League members and guests. After lunch was served, the ladies were presented to His Excellency, and the meeting closed informally.

At the next regular monthly meeting the election of officers will be held, and the season will end with the annual pot luck supper.

Needlecraft News

by Pauline Roy

"IN THE SPRING a smart girl's fancy" quickly turns to thoughts of her new necessities which give her the first opportunity to burst forth in gay colors to lighten her spirits and brighten her wardrobe. A new hat and purse are her first desire. If she chooses wisely, she'll pick a good color to match, or contrast, with her present wardrobe—at the same time be suitable to wear later on. Spring and summer are colorful seasons and this year, more than ever, color plays an important part in the fashion story.

Crochet in Color

Crochet lovers will find crocheted accessories easy and economical to make. Their rich beauty adds to any costume, tailored or dressy, and if one is travelling, they can be easily packed. All the lovely spring colors can be found in crochet. We know that lavender and mauve tones have been good this year and will be better and more popular than ever for the spring season ahead. Pretty shades of blue or rose are also fashion favorites along with gray and gold tones. Darker, bolder colors are found in bright red, royal blue and emerald green.

Matched Ensemble

The hat and bag set pictured here is easily and quickly made entirely in single crochet. Ball fringe is the only trimming and is used around the crown of the hat and also on the flap of the bag. If you would like to have directions for making the HAT AND BAG SET, a leaflet can be obtained by writing the Needlework Department of this paper and ask for Leaflet No. G-102.

*"It makes such
a difference"*

Mrs. Helen V.... was so pleased by the courteous treatment she received from a bank teller during a holiday trip that on her return home she wrote:

"It was really a pleasure to transact my modest banking affairs with you and I think the bank is very lucky to have such a charming and welcoming young woman with them. It makes such a difference when one is travelling to feel so at home."

At your own local branch, at any branch of any bank, you will find bank people going out of their way to look after you, efficiently and courteously. That is the way the chartered banks compete with each other for your business.

THE Calvert SPORTS COLUMN

by Elmer Ferguson

This is the third and last of a series dealing with unusual Stanley Cup incidents.

One of the boasts concerning play for Canada's premier hockey prize, the Stanley Cup, is that only nature, or death, ever halted the play. This, like many other claims made in sport, is not correct. Nature halted the play in the '90's, when for two years, there was no ice available at the finish of the season. Death abruptly stepped into the Cup picture in 1919, when the Montreal Canadiens, champions of the east, invaded Seattle to play the Metropolitans for the Cup. Five games had been played, each team having won two, with one tied, when the black 'flu, which scourged the continent and left hundreds of dead in its wake, hit both clubs. Nearly every player was stricken, one died, Joe Hall succumbing, and that series never was completed.

But back in the misty past, in 1899 to be exact, there was an unfinished series, and viewed in retrospect, this fiasco has its humorous overtones, though doubtless there was nothing funny about it at the time.

Champions of the east were the Montreal Victorias, representing one of the greatest truly-amateur clubs in Canadian sports history, an organization which disbanded in the '30's, when the press of professionalism became too great. The club refused to sacrifice its standards, and closed down completely. Champions of the west were the Winnipeg Victorias, a great team, and also completely amateur.

These two Victorias teams had fought out a grim battle in 1896, each winning a series. In 1897, the Montreal Victorias again won the cup, defeating Ottawa. There were no Cup matches in 1898, but in 1899, the all-Victoria rivalry flared again, as the two teams met on Montreal ice, best two out of three games.

The Montreal team won the first, 2-1, in a rugged contest. The second was tied at 3-all, when the series suddenly collapsed.

Tony Gingras, Winnipeg star, was crashed across the knee by a Montreal player, and limped off the ice. No replacement was allowed in those hardy days, unless it was proven that an injured player was unable to continue. The argument concerning Gingras' fitness to play, raged hot and heavy. The debate grew stormy, and the referee, Jack Hindlay, came in for such sharp criticism that he doffed his skates, left the building, and went home.

So when the teams finally agreed to play, there was no referee. A rink executive hastily summoned horse and sleigh, drove to the referee's home, found him in bed, urged him to return and carry on, and the official consented. He donned his skates and sweater. But the walls were thin in the building. He was in between the two teams, and heard both denouncing him in terms of a torrid nature. So he tramped out of the room, jumped on the ice and skated right out of the ring. And this time, he refused to return.

So the game was called off, for lack of a referee, and then the entire series was abandoned, and the Winnipeg team returned home.

But the western club wasn't done as Cup contenders. The great Montreal Shamrock team ousted Montreal Victorias as Cup champions, and in 1900 downed Winnipeg Victorias. But the battling westerners won the trophy in 1901 and 1902 in eastern invasions, then vanished, as a team, from the Cup picture.

Your comments and suggestions for this column will be welcomed by Elmer Ferguson, c/o Calvert House, 431 Yonge St., Toronto.

Calvert DISTILLERS LIMITED
ANNISTON, ONTARIO

Nobleton Kleinburg Play-Off

There's been a growing suspicion among the King-Vaughan hockey experts over the past month that Nobleton and Kleinburg would be crossing sticks in the finals. The finals roll around this Friday and as the experts' suspicion, Kleinburg and Nobleton will be the participants.

The title series will be decided via best three out of five set.

Bruce Hall's King Maroons faltered Friday and it was curtains as Maroons dropped a 5-3 decision to Kleinburg. Kleinburg took the best of three semifinal round in two straight. King first period pressure paid off as the Maroons moved into a 3-1 lead. A pair of goals by whirlwindy Alan Dowbiggin and singleton fired by "goal-a-game" John Richards staked King to their early lead. Bill Roe got away Kleinburg's counter-blast.

From there on, there was a noticeable let down in the King attack and it was strictly Kleinburg show as Bill Roe potted a second period goal and made himself the Kleinburg hero-man with two third period goals. Walt Bell also got into the second period Kleinburg scoring act with a fine pay-off effort.

It was a rugged go from the drop of the hat. Referee Hughes and O'Donnell gave 22 penalties including a misconduct and match misconduct to King defenseman Loring Doolittle to keep things under control.

In the late game, Nobby Ash's goal, his second of the game, with 32 seconds remaining, gave Nobleton a 4-3 win over Bolton. Ash's super dooper effort broke a 3 all tie and allowed Nobleton into the league finals against Kleinburg. Carman Pearcey counted twice for Bolton and Keith Skuce once. Nobby Ash was the Nobleton pace-setter as already mentioned with two. Len Murray and Tom Dwyer were Nobleton's other successful marksmen.

Bilts, Hornets Win Crowns

Newmarket fans, the majority of them that is, had their first good look at our future hockey greats Thursday. The event was the annual School Kids Night and two championships were on the docket.

In the opener of the busy hockey evening it was Neil Lothian's Biltmores opposed by Frank Hollingsworth's Marlboros for the squirt title. Biltms came up with the kind of hockey display that pleased coach Lothian no end as they hacked out a 6-1 win over Marlies.

Up and down the ice like a yo-yo, Wayne Crouch contracted for four goals to pace the winners' attack. Ken Needler gave the Biltms their start with a first period counter and Brian Bales started the third away on the right note for the Biltms with a nifty tally. Andrew St. flasher, Dave McComb, kept the white-wash brush from being applied to the Marlies with a mid-second period score.

In the pee-wee title session, Bears and Hornets locked horns. Coach Hollingsworth's lads coming through with a 1-0 win over Doug Campbell's Bears. Terry Budd made sure of his place in the Hall of Fame with the lone

goal of the game. Buddie produced his unassisted marker in the first period and Larry Proctor took over from there to record a shut-out in the Hornet cage. The games marked the conclusion of a very busy and successful school league hockey season. Well merited thanks are due the coaches and all responsible for the successful season. Bob Peters and H. A. Jackson handled the refereeing in the final games.

Biltmores: W. Crouch, W. McComb, J. Garrett, J. Barber, P. Watt, B. Peat, J. Watson, D. Jefferson, K. Lothian, J. Lambe, B. Brice, D. Gorman, B. Bales, G. Edwards, K. Needler, M. Smith. Coach N. Lothian.

Hornets: J. McKnight, G. Hogan, J. West, B. Sedore, B. Byers, B. Skelkhorn, T. Budd, D. Boyd, H. Brice, D. Cook, B. Macnab, J. Gabel, E. Hartling, G. Robertson, M. Callaghan, Coach F. Hollingsworth.

Mounties Win Town, District League Title

For the first time in its 13-year history the Merk Trophy has taken wing to the country. Monday night, Mount Albert took it away with them. A 6-2 win over Vondorf Jets gave the Mounties the Newmarket and District title.

Mounties wrapped up the championship in three straight, although actually four games were played, one being a tie. Mounties sprang to life with a 3-1 first period lead. It was 2-0 in double quick time for the ultimate winners as Dave Couch and the Schomberg streak, Don Marchant, hit for goals 18 seconds apart in the second minute of play.

Bun Hood, helped by Bill Kingdon and Jim Preston, whittled that lead to 2-1 at the six-minute mark. Dave Couch converted a Don Marchant relay into Mount Albert third goal before the scrapers appeared the first time.

The teams settled down to a tight checking second session, and traded goals. Doug Torry, Mounties' Gibraltar defense, laid in a long shot and Russ Forfar, Vondorf's galloping back-waller, jammed a screened

drive past Bill "Ole Poison" Mulholland in Mount cage.

Mount Albert wrote their name on the trophy for sure with a pair of unanswered last period goals. Dave Couch completed his hat trick on a pass from Elmo Paisley and very efficient Bill Brett accepted a Don Marchant relay for Mount's sixth tally.

Reason the Vondorfers couldn't make a reply was Bill Mulholland. Bill was at his shot-blocking best, breaking the back of the Vondorf pot-shooters time after time. Fact is the Mounties didn't have a weak link in the armour. Murray Edgar's men worked hard and efficient and

are worthy champs. In the after-the-game ceremonies, league president Ray Smith presented the trophy to Mounties coach Murray Edgar and manager Taylor Beal.

Mount Albert: W. Mulholland, R. Draper, D. Terry, D. Marchant, D. Couch, W. Brett, H. Berwick, E. Paisley, B. Paisley, M. Smalley.

Vondorf: G. Fletcher, N. VanNostrand, M. VanNostrand, C. Elias, D. Richardson, H. Timbers, J. Preston, W. Kingdon, B. Hood, R. Forfar, B. Sellars, A. Lloyd.

Brilliantly NEW for '52!

A GENERAL MOTORS VALUE

The only fine cars priced so low!

NEW ROYAL-TONE STYLING—You'll admire the big, bright, beautiful bodies by Fisher... the thrilling new front, side and rear-end design... the longer, lower, more luxurious look of this smartest of all low priced cars.

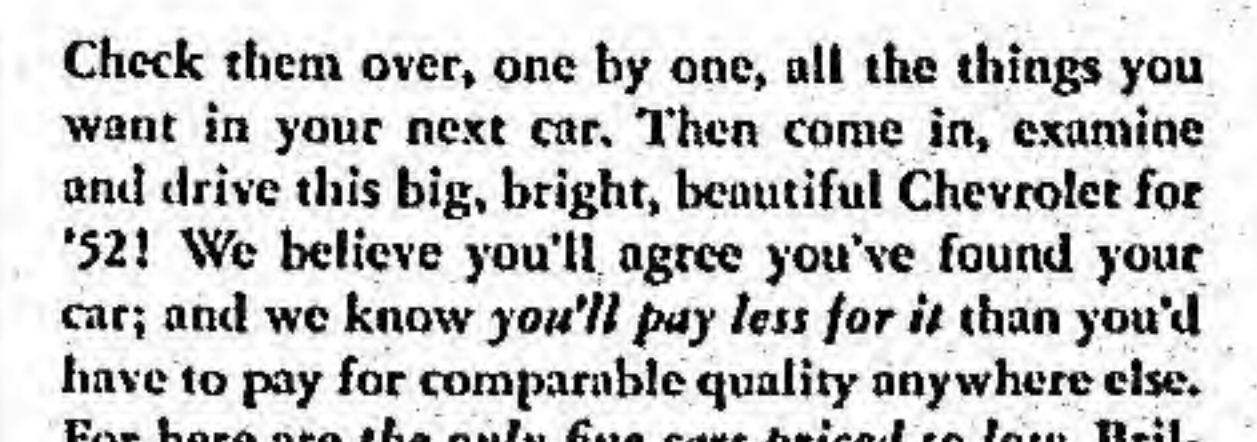

GORGEOUS NEW EXTERIOR COLORS—Vivid-fresh-sparkling... widest choice of rich and beautiful color combinations... the most wonderful array of colors in the entire low-price field.

ALLURING NEW INTERIOR COLORS—Upholstery and trim are in two tones of blue, green or gray to harmonize with exterior colors. In all De Luxe sedans and sport coupes... fabrics and appointments of exceptional quality.

NEW CENTREPOISE POWER—Belongs new smoothness, new freedom from vibration, to low-cost motoring; for the engine now is greatly cradled between the mountings and cushioned in soft rubber.

EXTRA-EASY CENTRE-POINT STEERING—Control is centred between the front wheels instead of behind the left front wheel. This advanced steering geometry makes Chevrolet surprisingly easy to steer, manoeuvre and park.

NEW IMPROVED POWER-JET CARBURETION—(with automatic choke) In Powerglide models. Improved starting and smoother acceleration are achieved by better fuel flow and a fast acting accelerator pump.

SOFTER, SMOOTHER RIDE—All passengers, in both front and rear seats, enjoy a much smoother, softer, more comfortable ride, due to new and improved shock absorber action, over almost all types of roads.

EXTRA-SMOOTH, DEPENDABLE POWERGLIDE—Combined with 101-h.p. Valve-in-head Engine with Automatic Choke and Hydraulic Valve Lifters—gives finest no-shift driving. (Optional on De Luxe models at extra cost.)

39-YEAR PROVED VALVE-IN-HEAD ENGINE DESIGN—Constantly improved and refined over the years, it brings you outstanding performance, reliability and economy; and, as a result, it is setting the trend for the industry.

EXTRA-SAFE JUMBO-DRUM BRAKES—with DuctLife, rivetless linings. They're the largest brakes in the low-price field. And owners will tell you they're smoothest, safest and easiest operating, as well.

ARENA CLOSES TUESDAY

Newmarket Memorial Arena closed Tuesday for the skating and hockey season, reports Arena Manager Stan Smith. Aurora arena expects to remain open until May 1 with a busy schedule of T.H.L. games, also the Aurora Town League finals fourth game, to be played next Tuesday. Also on the agenda is the Ontario Ladies Hockey Association finals between Aurora and East York.

AURORA CUBS DEFEATED

OAK RIDGES

Oak Ridges Lions and Aurora Cubs renewed their winter-long hockey rivalry on the ice lanes of the Aurora arena Tuesday with an exhibition pee-wee game. Aurora, led by a four-goal scoring spurt by Charlie Vrana, defeated Oak Ridges 6-1. Larry Sutton, Don Glass and Jack Murby fired the other Aurora goals. Don Ash provided the one ray of sunshine in the Oak Ridge camp.

Aurora: W. Zimmerman, L. McClenny, H. Hammond, L. Woods, E. Evans, G. Bennett, C. Vrana, R. Egan, D. Glass, J. Murby, H. Bunn, T. Murrell, G. Chapman, K. Browning, M. Patrick, W. Calhoun, L. Sutton.

Oak Ridges: L. Wright, N. Roberts, J. Gallagher, D. Boyle, R. Geary, F. Peterson, P. Hibert, L. Wall, D. Ash, K. Bligh, T. Shien, R. Wall, C. Kirk.

HASHMAN AWARD

Coach Murray Edgar

Hockey coach of the year? Poses a bit of a problem kiddies. Who's your nominee? Hashman selectee is Murray Edgar. His record put all the other members of the union to shame. Here's what the busy three R man from out Mount Zion-Raven-shoe countryside accomplished over the past winter.

First Mr. Edgar put his coaching genius to work to bring Mount Albert home, winners of the Newmarket & District diadem in a breeze. Next, Mount Zion Ramblers, another Edgar masterminded side, comes along with a burst of energy in the finals to capture the East Gwillimbury School Hockey League title.

Thirdly, this is more or less unofficial - but for the first time this season Queensville-Mount Albert joined forces to form a junior ladies hockey team. Only opposition Combines could scare up was Kettleby and they proceeded to defeat Kettleby in two straight - thus more or less unofficially becoming North York Junior Ladies champs. And the coach of this winner - you guessed it - Murray Edgar.

Naturally, with this imposing record it's no trouble at all to name Murray Edgar coach of the year and Hashman award and Roxy Theatre pass winner for this week.

Woodbridge Wins Bush Title

Woodbridge won the title on Tuesday night at home with an 8-5 score over Tigers.

Net-minders in the North York championship series have been threatening to sue the back-checkers. Small wonder the souped up front liners have been ripping the defending corps to shreds to post box car scores of 12-10, 10-9 and 9-6.

Friday night, as Aurora Tigers opened at home in the finals against Woodbridge Blueshirts, goalies Charlie Case and his Woodbridge opposite Jack Blake had further evidence to support the net-minders' case.

Woodbridge, gifted with several O.H.A. stalwarts, ran riot in the first two rounds to count 10 goals and that put them on the right track for 12-8 triumph over the Tigers. The game was the opener in a best of three series for the North York title. Tigers trailing 10-3 going into the finale, posted their best performance, rallying for five goals. The rally did little else than whittle the invaders' lead and make the score look respectable. Active shot-sinkers for Tigers were Bill Mundell and Mickey Sutton with two each. Bill Kingdon, Howard Timbers, Bruce Rose and Earl MacDonald had a goal each.

Tiger checkers didn't look after winger Dud Kearney well enough and he dug for four goals to pace the Bridgers' assault. Ron Klinck with three, Son Rowntree two, and Bob Wallace, Jim Laver and Ray Castator one each completed the Woodbridge scoring picture.

Woodbridge: J. Blake, B. Wallace, S. Rowntree, E. Cloutier, J. Laver, R. Klinck, D. Kearney, R. Castator.

Aurora: C. Case, M. Sutton, E. MacDonald, G. Dawson, W. Kingdon, D. Richardson, T. Brodie, H. Timbers, E. Rose, B. Rose, W. Mundell, H. Sutton.

LAKE SIMCOE BALL

Lake Simcoe Softball League teams and delegates get ready. Organization meeting of the league for the 1952 season will be held at the Sharon Hall, Thursday, April 17. Meeting is called for 8 p.m. President Ross Chapman urges every team or prospective team desiring to enter the league race to have two representatives present.

SPORTS CALENDAR

(Apr. 10 to 16)

April 11, 7 p.m., Aurora arena, "Night of Little Champions", five games, pee-wee, bantam and mid-junior finals;

April 14, 7 p.m., Newmarket Town hall, baseball meeting;

April 15, 8.15 p.m., Aurora arena, Town League finals, 4th game, Ditch Diggers vs Queen's Hotel.

DOWN THE CENTRE BY AB HULSE

Browsing Over The Record

Art Kneeshaw, well known Bradford sportsman and one of the big roars in district Lions, has been appointed to the office of deputy-registrar of Simcoe County. We suppose that means Art will move to Barrie one of these days. His trusty assistant hockeyist and softballer, Ken Tupling, has been named clerk of West Gwillimbury township. Ken must be one of the youngest municipal clerks in the business. Good luck to both!

Herbie Cain was picked by the fans to an all-star berth on the first team in the T.H.L. major series. Cain started after several weeks of play at Varsity arena and just about copped the scoring crown. Bill Thoms was named to defence on the second team, after a nice comeback this year.

Talk over Lindsay way is that the Kinsmen club, who have sponsored hockey the past three years, will drop out and that in place of "B" hockey, the team from "Frostville" will be "C" in calibre. The Muskies, who played intermediate "A" and enjoyed a profitable season, are likely to move up to senior "B" rating. Red Mitchell will not likely be effected in any event, and Mr. Eddie Shore will still have a finger in the Lindsay hockey pie.

2ND OFFER \$60

By the way, Gananoque Gaus, who eliminated the Muskies, are holding their own with Collingwood Shipbuilders and may pull an upset. The Gaus are supposed to be working on the pay basis of \$10 per win, \$5 for a tie each, plus bonuses as the play-off rounds increase.

The rumor that Parry Sound was likely to take the Builders was one of those things. Hodgins, the Sound goalie, was an import from North Bay without a release; Buck Abbott, ex-Midland player, and one or two others were clearly ineligible, so that if the worst had come, the Builders had a good case for the committee room.

Good news for Stouffville baseball fans comes with the announcement that Bob Hassard, presently one of the stars of Pittsburgh Hornets and slated by Smythe for the Leafs, will be back as coach of the baseball Red Sox, this summer. Sonny Townsley Jr. is one of the driving forces of Milton Co-Ops who are in the intermediate "A" semis against Simcoe, the winners to meet either Collingwood or Gananoque. That gives the fans in these parts a little interest.

Up North Bracebridge Bears with goalie Pete Hook (Collingwood Jrs. of 1950) and Ronnie Rowe (Markham Jrs. of 1941-42) and Sutton Green Sox of '51) give a North interest to the intermediate "B" series. Waldo Watson, goalie with Ingersoll Reams, who can't be blamed for their showing against Collingwood Greenshirts, is from Woodbridge and last year played goal for Brampton, Regents against Aurora Bears.

Barrie Legion pee-wees, who took Aurora Legion Kids by one goal in Woodbridge recently in the finals of the Legion minor hockey tournament, will play at Aurora arena on Saturday morning (next). Better catch a look at the stars of tomorrow.

Twenty-one years ago this week, Don Wilson flashed the red light at Maple Leaf Gardens in overtime to give Newmarket Redmen the championship of the dominion in junior hockey and the possession of the Memorial Cup. Regina Pats were the victims in two 2-1 games. Talk about Killy-Bar-The-Door hockey, in defeating Toronto Nationals, Stratford Indians, Sudbury Wolves, Ottawa Shamrocks, Montreal Royals and the Pats in a total of 12 games, the Redmen scored a total of only 26 goals and saw 12 go past Ran Forder. Nationals were shutout in one game, Shamrocks in two, Sudbury in one. Stratford was the only team to hang a defeat on the Redmen. In fact, Stratford accounted for five of the 12 goals against. Over the whole

E. Gwill. Tifflists Feted

Food and honors vied for top billing as Mount Zion Ramblers, East Gwillimbury School League Hockey champions, were guests at a banquet held in the Sharon Hall last Friday. Mount Zion and Holt school pupils and guests, 75 strong, sat down to a supper provided by the ladies of the district.

Murray Edgar, coach of championship Ramblers, was master of ceremonies. John Hines, ex-Trolley League president and Newmarket sportsman, was guest speaker. Feature of the evening was presentation of Pop Walker Trophy to the Mount Zion champions by the donor.

Each player received a crest and a certificate for a wind-breaker. They were Dalt Thompson, Ron Thompson, Alden Gates, Earl Arnold, Keith Rose, Jack Hopkins, Gord Hopkins, Gord Davis, Bob Smith.

Most Valuable Player

Andy Lloyd, Vandroff's super effective and efficient rear-guard, was named the Newmarket & District Hockey League's most valuable player at an executive meeting Sunday.

Other names mentioned in the voting were Vandroff's Russ Preston, Bun Sellers, Russ Forder, Mount Albert's Bill Mulholland, Don Marebant, Bob Dixon, Bill Brett, Office Specialty's Barney Pearson, Stan Gibbons, and Town Regent's Ted Greenwood, Bill Ingram and Dick Erith.

Selection committee was composed of Ray Smith, Harry Thoms, Mel Stiekwood, Murray Edgar and Geo. Haskett. In an after-the-game ceremony Monday, League President Ray Smith made the presentation of the Grant Fulson Trophy to Andy Lloyd.

It was also Prexy Smith's pleasant duty to present the Newmarket Sports & Cycle Shop Trophy to Dave Couch who won the scoring championship of the league.

BASEBALLERS MEET AGAIN

A second meeting of the Newmarket Baseball Club will be held in the basement of the Town Hall, Monday, April 14, at 7 p.m. Everyone interested in seeing baseball make a comeback in the Hub is asked to be present. A report on progress made to date and also on the fate of a Newmarket entry in the South Simcoe Baseball League will be made.

Haskett's

HASH

BY GEORGE HASKETT
Newmarket Sports Editor

Padlocks on the arena door and your demon blades didn't don the runners once this winter. Must be getting old. Commission should run a special night along about now, wheel chairs at the doors, for the hockey coaches, side-board experts and scribes too busy to get in their annual skate.

Fine to see a bunch of eager beaver boys and girls roll up their sleeves and pitch in to make and keep the Hub sport wheels spinning. Enthusiasm was really going places - over past week. Biggest crop you can imagine came on Tom Kirk Night. Where did all those racers and hockey players come from? Year by year, there's more and more. Betcha the nippers must have put away 20 dozen hot dogs, 500 chocolate bars and four bushels of popcorn.

Thought that amazes is the amount of work, time and organization that must go into keeping this popular event percolating annually. 'Course, there's a reason for its success and we must pop right up here for three hip-hips and a tiger for H. A. Jackson, teaching staff and those worthy and busy citizens who take time off from business cares to put the evening across.

Judging from their smiling faces - committee and teachers - your paragrapher is willing to wager they get as big a kick out of spills, chills and thrills as the kids themselves.

Spits of '53 are blossoming early. Large attendance at the organization meeting last week indicates a healthy Hubber interest in "the big team". Believing in the old adage "Let George do it", enthusiasts drafted genial Geo. Byers for a third term. Wise choice. If the players had dug in as enthusiastically and as efficiently as George and his fellow directors over past winter, we'd be at Gananoque right now.

Despite the Spits' failings our ice house has been a good spot to spend the winter. We've had good and exciting hockey most of the evenings. Don't be too surprised to see the Hub in senior

B next year. That's just our surmise - don't take it for gospel.

Mishmashers: Town League variety, blew the lid off last week. Round table conference put the clamps down tight on imports. Idea of town league is to provide everyone with a chance to get on the diamond and do. This paragrapher agrees 100 percent. Still, does appear there's a shortage of pitchers. Without those necessary evils, what happens? Fans swallow box car scores summer long and soon gets tiring. Personally, our idea would be to have a four-team circuit - make a deal for each team to have a strong battery combination - keep every game in doubt - and your worries regarding coffee pot contributors would be over.

Neighborhood Notes: Apparently plea by Langstaff's super dooper softball pusher Fred Morris for Newmarket and Aurora re-entry in North York Softball League has gone unanswered. Travelling seems to be the sty-mie. What about a two section circuit - north and south? In the north, Aurora, Newmarket, King City and Schomberg. Anybody willing to give it a test spin?

Bulletin Service: Lake Simcoe softball crews gather Sharon Hall, April 17, reports president Ross Chapman. Local baseball men gather again Monday in Town Hall. "Coach of the year" Murray Edgar advises Mount Albert Hockey Club Dance, Mount Albert Hall, April 17. Tomorrow, Friday, April 11, is the big night in the Aurora arena. Eight teams, three championships, are on the line - better be there and see the gold-plated future hockey greats do their bit. You won't regret the excursion.

On the alleys

Latest facts and figures from the Mount Albert Bowling League indicate Sam Harper's team has grabbed a sizeable lead with 74 points. Mel Oldham has 63, Ken Case 62, Garnet Park, 54, Lorne Mainprize 54, Jas. Storach 52, George Price 54, George MacPherson 51, Roy Stewart 50, Evan Davis 43, Bill Arnold 45, Ron Young 40, Geo. Snyder 36, Geo Young 36, Murray Crane 35, Ken Ross 35.

In the averages department, men's, Geo Price 197, Frank Dampfi 197, Ron Willbee 193, ladies, Iola Campbell 168, Marion Case 157, Dot Harper 155, High Single, men's, Elmo Paisley 336, Greg Scott 332, Den Oldham 308, ladies, Shirley Oldham 268, Iola Campbell 267, Marion Case 250, High triple, men's, Dr. Geo. MacPherson 770, Frank Dampfi 766, Bill Arnold 737, ladies, Iola Campbell 641, Marion Case 603, A. Williamson 575.

Play-off time in the Industrial League past two weeks. Combines led by Doug Beckett, Eddie Roy and Ivan Gibson, Charlie RonZant and Bill Newton rolled up a 6826 total for the two weeks to collect top honors. Office Specialty 6793, Meteors 6743.

Frank VandenBergh 851 (223-331-397), Doug Beckett 821 (226-181-411). The latter was a high single for the year. Geo Watt 779, Moe Hall 755, Geo Frizzell 773, Doug Mount 741, Chas Tugwell 726, Ivan Gibson 714, Lorne Keffer 706, Lyle Bond 701.

Genial secretary Grant Blight passes out the final figures on the Hoffman Loop. Top ten in averages were Frank VandenBergh 204, Bill VanZant 201, Frank Daniels 196, Roy Smalley 192, Alan Daniels 190.6, Grant Blight 190.5, Geo. Hill 185, Bob LeShien 184, Ken Thoms 183.6, Ivan Ruddock 183.3, Stew Dow

Frank VandenBergh counted high three games of 829 and 825, Bill VanZant 773, Geo Hill 761. Frank VandenBergh racked up high single games 334 and 329, Bill VanZant 318, Harry Hodge 315.

Four weeks to go in Monday Night Ladies league. Standing: Coons 63, 450's 58, Wildcats 56 1/2, Jets 49, Hot Rods 46, Blue Bonnets 39 1/2, Wildcats over Hot Rods 4.0, Coons over Blue Bonnets 3.4, 450's over Jets 2 1/2-1 1/2 in the Monday scoring.

Annie Stickleland 640 (190-238-212), Emma Broadbent 634 (280-196-158), Phil McInnis 621, Edna McGrath 604, Audrey Stevens 581, Alice Gibson 570, Pearl Collin 542, Edie Wilson 540, Edie Hall 536, Hester Clark 528, Claire Pollock 525, Flo Reilly 522, Alice Rose 515, Mary Osborne 508, Ethel Warden 503.

Geo Philmister led the Office Specialty. Office men's League last week with 618 (203-219-226), Ron Jenkins 626 (177-237-212). Francis MacFarlane's white-washed Jim Cook's 4.0 last week to move up into second place. Cook's men have 43 and one night to bowl, MacFarlane tribe 41 and two nights and a possible eight points to collect.

Barbara Wilson led the Thursday night Office Specialty ladies' league with 620 (250-189-191), Mary Landry 556 (203-138-215), Audrey Brice 513 (203-179-131). Standing: Pin-ups 36, Queens 35, Dubs 29.

High scores were the order of the night in the Thursday Night Ladies' league. Myrtle Dunn led with 684, other top individual marks were posted by Ella Wilkins 633, Edie Hall 569, Betty VanZant 561, Audrey Halme 553, Beryl Reinke 529, Faye Struthers 512, Alene McBride 501, Hazel Bennett 500.

NEW MARKET TOWN HALL

SATURDAY,

April 12, 8.30 p.m.

Arena Board, Management Come Under Critical Review Liquor And Beer Vote May 27

A regular meeting of the town council was held on Monday night, April 7, with Mayor Rose and all members of council present. A very large amount of business was dealt with, ranging in importance from the hearing of delegations to the consideration of a junk nuisance and a by-law authorizing the taking of a vote on liquor and beer stores.

Dr. C. R. Boulding, chairman of the planning board, was present to hear the reading of correspondence in which his board requested the sum of \$800 being included in the town budget for its use in 1952, and a further letter suggesting new legislation to supersede the by-law recently rescinded for set-back building on Yonge street.

A deputation consisting of Mr. Kinnear, Mr. Ward, Mr. Wright and Mr. Hoffman was present to appeal that the present name of Loper street be changed to that of Hill View Road.

Councillor Davis said his understanding was that the street was named after an old Aurora family, but to his best knowledge there were no members surviving. The representations of Mr. Kinnear were accepted and the new name approved by council.

Mr. R. V. Smith represented a delegation composed of Mr. W. Adams and Mrs. Gerrow concerning the future condition of the tennis courts. Mr. Smith said that if the tennis courts were put into good shape a greater membership would result, and the development of the courts would be good for the town. The matter was turned over to the property committee for attention.

Garage Residence
Mr. M. Wilson requested the permission of council to reside in garage accommodation while his house was being built at the corner of George and Wellington. The request prompted considerable discussion.

Councillor Tucker took the view that grant such permission would provide loopholes and leave themselves wide open, while Deputy-Reeve Murray thought that such a concession would provide a temporary convenience while a home was being established.

Councillor Murray pointed out that the application was not in accordance with the building by-laws which the deputy-reeve had assisted in putting through council, while Councillor Jones shared the opinion of the deputy-reeve that the concession would help in the building of a new home.

Councillor King thought the applicant should have been present to explain the position to council. It was finally agreed to accede to the applicant's request, limiting it to a period of 12 months and subject to the applicant entering into an agreement with council that the building of the new home would be completed in the period stated. Councillors Murray and Tucker voted against the motion on the grounds that it was introducing an undesirable precedent.

Water Overflow
Mr. Kinnear, on behalf of the Hill View Road (formerly Loper street) residents, renewed the former request made to council that steps be taken in regard to the overflow of water and asked what council was going to do about it?

Mr. Hoffman suggested that the aggrieved residents form themselves into a committee and bring suggestions to council, and this was accepted.

Taxi Licences
Mr. Earl Stewart and Mr. Ralph Stickwood appeared in protest against a taxi licence, having been granted to Mr. F. C. Davis without the matter having been brought to council.

Mayor Rose pointed out that Mr. Davis had held such a licence over a number of years, not for general passenger uses but for the convenience of a very limited clientele.

Mr. Stewart pointed out that a taxi licence was a very valuable thing and should not be granted without the closest investigation. It should not in any circumstances be possible for any holder of such licence to sell it.

Mayor Rose assured the delegation that their interests as taxi owners, providing a service for the town, would be carefully safeguarded by council, pointing out that no taxi licence could legally be sold.

Parks Board
Mr. C. Adair, supported by Mr. George Baldwin and Mr. R. D. Hodgkinson, gave a detailed report to council on the new Parks Board. The board was asking for the sum of \$500 and the supplying of a man to look after the parks.

The mayor complimented Mr. Adair on the report presented and it was agreed to advertise for a suitable man to take care of the work that would be scheduled by the Parks Board.

York County Hospital
Mayor Rose gave council a comprehensive report on York county hospital, in which he covered many interesting details concerned with plans to eliminate heavy deficits.

Reeve Cook reviewed the work of the North York health unit stating that it was providing excellent services.

Sports and Publicity
Councillor Jim Murray presented a report of the sports and publicity committee, of which he is chairman, and reference to the work of the rink provided a subject of prolonged discussion.

The report affirmed that the work at the arena would be done much better if the recreation director looked after it instead of other time being divided up in recreation activities.

Councillor Tucker said that 90 percent of the manager's time should be given to the arena. At present too much of his time was being given to recreation commission work.

Councillor Jones said the manager gave his time to the recreation commission in summer when there was little doing at the rink.

Councillor Murray took the view that the manager was more of a recreation than an arena man.

At this point Mayor Rose said he would like to pay a due tribute to Mrs. Perryment for her excellent voluntary services at the swimming classes. The work she was doing was purely voluntary.

Board Under Fire
Councillor Murray said that the manager did not work at nights at the arena, leaving assistants Mundell and Patrick in charge. He was of the opinion that night work at the arena was the most important and that the manager should be in full charge then.

Mayor Rose expressed surprise that the manager was not in attendance at the arena at night, whereupon Councillor Jones asked why they were discussing such matters in council? "Why doesn't the arena board look after these matters?" asked Mr. Jones.

Deputy-Reeve Murray did not think the manager was properly directed, and stated that he came in with high recommendations. "It could be that he was more of a recreation than an arena man."

Councillor Tucker said it was up to council to instruct its boards.

Councillor Corbett said the rink was in a deplorable condition, with a leaking roof that let water through. He demanded that the arena board go down and do some work.

Inactive Board
Councillor Murray said the arena board was not active and he was not satisfied with the manner in which matters had been handled in the past. His colleague, Councillor Tucker, had recently been appointed treasurer and found that no book entries had been made from July 1951 up to February, when he took over. The roof had been leaking for two years and the chairman of the board didn't know of it. Machinery was left unguarded to the extent that it was a danger hazard. What was needed was an active board.

Councillor Corbett said money was spent on the front part of the rink while the money-making part was neglected.

Deputy-Reeve Murray did not think enough money had been put into the rink to make a good job of it. Councillor Tucker said he wished to disassociate himself from some of Councillor Murray's remarks, adding that he thought the board had tried to do the best it could.

Other Business: By-laws, Etc.
The application of the planning board for \$800 was handed over to Reeve Cook as chairman of the finance committee for consideration and a committee report.

A by-law for a liquor and beer vote was introduced, voting to take place on Tuesday, May 27.

Reeve Cook said it was the very first time in his municipal career that a petition for a vote did not first of all have to come before council, and Councillor Corbett protested against the town having to pay the costs of the vote. He did not consider that was fair to the town.

Councillor King introduced a by-law for the purpose of licensing hawkers and peddlars. Councillor Davis brought up the question of a nuisance junkyard on Yonge street, in regard to which Councillor Tucker added that he had also had complaints.

Council directed that the offenders be requested to cease the nuisances complained of, failing which a by-law would be passed to enforce compliance. Council adjourned shortly after midnight.

(A review of council business will be given in our "Council Sideights" in our issue of April 17.—Ed.)

THURSDAY, THE TENTH DAY OF APRIL, NINETEEN HUNDRED AND FIFTY-TWO

EDITORIALS

MODERATE DRINKERS OPPOSE OUTLETS

The anonymous promoters of the liquor and beer campaign are causing an injury to the town of Aurora which will take years to wipe out. Before the issue is settled many hard words may have been spoken and friendships ended. All these possibilities have arisen from the activities of a few anonymous citizens intent on getting something that had not entered the heads of the majority of the citizens.

It seems more than coincidental that what is happening in Aurora is simultaneously happening in other parts of Ontario. It might appear that these events are being worked out to a carefully planned pattern.

No demand from the citizens of Aurora for liquor and beer outlets was ever heard; and those who are most vocally opposed to them, now that the issue is apparently inescapable, are those citizens who take a drink when they want one. The most positive opposition we have so far heard against these outlets being installed in town emanates not only from the temperance people but from those who could be described as "moderate drinkers".

Of course the temperance people are profoundly opposed to the proposals, and that was to be expected. What was not apparent was the strong feeling on the part of the "moderate drinkers" against changing the way of life which Aurorians have known for the past 35 years. It is from these citizens that strong opposition is being heard daily against outlets in Aurora. They want Aurora kept the way it is.

A BAD EGG

The liquor and beer committee having anonymously laid its unhealthy egg, its members dispersed to take stock of events. To sell the egg to the surprised citizens of Aurora the committee and its workers set about getting petition papers signed mostly by hand-picked supporters. This preliminary work concluded, the eligible voters will be asked on Tuesday, May 27, to hatch the egg.

The citizens of Aurora have been pushed into a situation not of their choosing. It is a situation that will cost the town a lot of dollars. The liquor board has ordered a vote for May 27. In our innocence we had supposed that the Aurora town council was the chief executive body for the municipality. We have learned otherwise. We have learned that the liquor board, at the direction of a few hundred more or less hand-picked voters, not the town council, orders the citizens around.

The liquor board will not pay the cost of a new voters' list. Nor will the anonymous liquor and beer committee pay the cost of a new voters' list and the costs arising from the vote on May 27. The citizens of Aurora, the great majority of whom never asked for a vote, will pay these costs.

We were informed that the petition for a vote was sent to the liquor board on March 24. It did not take the liquor board very long to reply, for the direction from that body to the town clerk to take a vote was dated March 26. A small number of people appear to be in a heck of a hurry to get a stockpile of liquor and beer bottles installed in Aurora.

BATTERING ON CLOSED DOORS

A good deal of our time is spent in battering on closed doors, to get them opened so that the ratepayers can see what is going on inside the buildings maintained by their money. Some progress has been made and we have plenty of time to continue the barrage in the public interest. We do not readily give up.

Take the Arena, for example. In the public interest we published several contributions from Mr. T. F. Swindle in which he charged that general slackness and incompetency had characterized committee management. It was out of a sense of "frustration", as he stated, that he resigned from the board of management on which he had served for two years.

Although we offered full space for the publication of rebuttals on the part of those who felt themselves affronted by Mr. Swindle's observations, not one word have we been asked to print. It is therefore a reasonable presumption that what Mr. Swindle charged cannot be rebutted.

It is high time that the citizens had full information on what is happening to their \$80,000 investment. They got nothing last year but an unsigned financial statement which Mr. Swindle challenged. It is our intention to press for full information on the rink.

King Township Council

King township council approved by-laws regarding subdivision of planning and development plans and a road improvement area in the Holland Marsh, at the monthly meeting held in the township office at Nobleton on April 1.

Father McGoe's subdivision, fifth line, will be recommended to the registrar of North York, providing he supplies the necessary bills of sale and the required affidavit. Father McGoe explained that property in this subdivision had been sold before the planning by-law went into effect. Eight lots had been deeded and six were taken by signed agreements. It was on behalf of the latter that he requested council to authorize registry of deeds.

Recommendation of acceptance by the planning board.

WHAT THEY ARE SAYING

Rec. Comm. Financial Report Shows Fine Progress Made: Banner Smothers Vital News

The financial statement of the Aurora Recreation Commission for the year 1951 is published this week under the authorizing signatures of the chairman, Mr. Don Glass, and the secretary-treasurer, Mr. Harvey W. Bell and approved by the town auditor. This is a peak financial statement in the history of this very fine local organization and reflects great credit on all concerned in it.

The commission is made up of members representing numerous town organizations as well as two members of the town council, Councillors Corbett and Murray. It is presided over by an able and enthusiastic chairman, and all these factors explain why the work of the commission has continued to grow in importance and community usefulness.

The financial statement, showing the handling of funds exceeding \$7,500, embraces a wide scope of activities, among them craft instruction, playgrounds, softball and baseball, minor hockey, swimming classes, art classes, woodworking, and picnics. These names suggest a tremendous amount of work on the part of the commission that cannot be enumerated or put down on paper.

No financial rewards accrue to any members of the commission, who give their time and thought to promoting the activities of this community organization without reward or thought of reward. Their reward consists only in the knowledge that they are helping to increase the general happiness of the older people in the community and to give joy to the children through the provision of playgrounds, and to increase their knowledge and future usefulness as citizens through the provision of artistic and educational pursuits. We take our hat off to the Aurora Recreation Commission. May its work more and more prosper.

In New Home
The Whitelaws are now established in their new location in the south portion of the Scanlon store on Yonge street. The setting is a very attractive one, with decorations all brilliantly new, with white and green shades predominating.

At the rear of what can only be described as salon-like premises, there is a fine lawn which one reaches through doors containing French windows of bevelled glass. The lawn is now beginning to assume a surface of green verdure, with White-law robins hopping around.

Half of the premises consists of a paneled room, once the sitting-room of the Petersons, and later the personal offices of Mr. Peterson. The whole of the premises, dating back for about 100 years, were overhauled and remodelled by Mr. Peterson some 26 years ago.

Mr. and Mrs. Whitelaw have been the recipients of innumerable good wishes from their Aurora and countryside friends and distant friends, and they say the change they have made has given them a new lease on life. With good wishes came bouquets of flowers from Mr. and Mrs. Charles Peterson, the Board of Trade, and Aurora News Page.

We hope they will be carrying on a prosperous business for years to come. By the way, Mr. Whitelaw will continue to sell our paper and to accept advertisements as heretofore.

Mrs. Roy Fierheller
Aurora News Page is pleased to announce the appointment of

Mrs. Roy Fierheller of 46 Spruce street, telephone 477M, as an additional social correspondent for Aurora and district. She will be glad to receive social news and reports of interesting Aurora events.

Mrs. Fierheller has taken a very active part in United church activities over a period of many years. At present she is the president of the choir, and among other positions she has held are vice-president of the W.A. Friendship convener of the Evening Auxiliary, and for several years she was superintendent of the Junior department of the Sunday school.

We are sure that Mrs. Fierheller's enrollment on the corresponding staff of our paper will give her many friends great pleasure.

New Aurora Club
The first regular meeting of the Aurora New Canadians' club was a great success, as many as 35 being present on Thursday evening, April 3, at Cousins' dairy. Appropriately enough, the unexpectedly large attendance was composed of newcomers from England, Czechoslovakia, Holland and Hungary. Also present were a number of native-born Canadians.

The meeting was largely of a social, get-together character and a number of games were much enjoyed. At the conclusion of the proceedings the ladies served an excellent supper. It is proposed to hold nominations for officers in the club at its next meeting, to be followed by arrangements for a summer program. Square dance groups and alley bowling will be proposed, and national dances to take place at the Jarvis farm will be under consideration.

The new club has certainly gotten off to a good start. **Rink Treasurer**

It has not, we believe, been previously reported that Councillor Ralph Tucker replaced Mr. W. H. Stoddart as treasurer of the rink committee. Mr. Stoddart has continued as secretary of the committee.

With reference to the \$5,000 grant from the Agricultural department for the Arena Memorial which Councillor Jim Murray brought to the notice of council, it should, in fairness to all concerned, be recalled that Mr. T. F. Swindle in his last contribution to Aurora News Page referred to this matter. It could be that if Mr. Swindle had not resurrected this substantial matter from the oblivion into which it had fallen through the neglect of the old council and the Arena Board, it would have remained unremembered. Mr. Swindle's articles dynamized some action.

As we have mentioned in an editorial this week, arena matters are of urgent town importance and a comprehensive report should be forthcoming at an early date.

Old Buildings
Speaking of old buildings, the premises occupied by Mr. Roll-

In the three months of January, February and March, 1935 the Era and Express carried 1,490 small classified ads as against 532 carried by the Aurora Banner. These facts provide the proof of success and popularity, from readers and advertisers themselves.

WED. BOWLERS CLOSE SEASON

The Wednesday afternoon bowling group closed the season with a banquet on Wednesday, April 2. Following a delicious turkey dinner and the presentation of awards an evening of cards was enjoyed by the bowlers. First prize in bridge went to Vi Dales with Agnes Richardson winning the consolation.

The team captained by Myrtle Dunn led the league by one point. Each member of the team was presented with an attractive relish dish. On the winning team were Aileen Tudhope, Marg Atkinson, Kate Morrison, Caroline Ion, Hazel Bennett and the captain, Myrtle Dunn won so many of the awards that the club presented her with a cup as trophy. She accepted only the one prize—for high average.

High single went to Marie McCabe with Ed Hill winning the high single with handicap. Edna McGrath won the high, three games flat. During the evening many lucky prizes were drawn. Those holding the winning tickets included Ruby Henney, Mary Fish, Caroline Ion, Kate Morrison, Vi Dales, Louise Smith, Edith Griffin and Betty Cassavoy.

SKATING CLUB ENDS SUCCESSFUL YEAR

The Ladies' Morning Skating club, Newmarket, closed the season with a party at the Memorial arena on Friday, April 4. Mrs. Robert Murray was in charge of the evening's program. About 150 were present with the party being held for the members and their husbands. Following two hours of skating, the group gathered in the lobby

of the arena for refreshments. The spot had been attractively decorated for the occasion with balloons and two birthday cakes, each with three candles, were cut by the club's chairman, Mrs. Murray.

The door prizes were won by Mr. D. R. McCann and Mrs. Kenneth Osborne. Mrs. LeGresley, Strigley St., was presented with the "Rookie of the Year" cup for the member having made the most progress in her skating. Rev. J. T. Rhodes made the presentations on behalf of the club's members.

A gift of money was given to Mrs. Murray in appreciation for her work during the year in making the club so successful. This year there were 113 members in the club.

RECEIVES LETTER FROM ELIZABETH II

Last week Mrs. Arthur Sheridan received an acknowledgment of a letter of condolence which she sent to Queen Elizabeth II at the time of the death of King George VI. Edged heavily in black and bearing the Royal Coat of Arms, the letter was penned at Buckingham Palace, London, England.

It is dated, 12 March, 1952 and reads, "Her majesty's private secretary has been commanded to thank Mrs. Arthur Sheridan for her kind message of sympathy which Her Majesty much appreciated."

HORT. SOC. HEARS CONVENTION REPORT

Mrs. Phil Hamilton reported on the annual convention of the Ontario Horticultural Association at a meeting of the Newmarket society on Thursday, April 3. Held in the school room of Trinity United church, the meeting was chaired by the president, Mrs. Nelson Ion. There were 55 present.

The annual convention was held at the King Edward hotel, Toronto, on March 3 and 4. Mrs. Hamilton reported on the latter day which she attended as a delegate from the Newmarket society. Also present at the convention from the local group were Roger Caldwell, Mrs. Elman Campbell, Mrs. Cecil Filley and Mrs. Wilmot Hill.

Mrs. Hamilton's interesting report was well received. A color film, "Farm Home Beautiful" was shown. Mrs. Irene Proctor acted as projectionist. The film depicted the transformation of houses into homes through horticultural beautification. Mrs. W. D. Marrow was in charge of the program.

The meeting opened with the singing of the National Anthem. Mrs. Marrow was at the piano. Arnold Reinke introduced the film which had been substituted for the slides on Ontario wild flowers planned for the meeting. Roger Caldwell moved the vote of thanks to those responsible for the interesting meeting. At the close of the business session refreshments were served under the convenship of Mrs. Anton Czernick and a social half-hour was spent.

The Common Round...

By Isabel Inglis Colville

THREE YOUNG CANADIAN ARTISTS

Are Canadians, as they have been accused of being, really inarticulate about things that truly please them—things of genuine worth?

At one time I would unhesitatingly have said yes; for I can only too well remember in the old Opera House in Brockville, the poorly-attended and decidedly cool reception given the few fine artists who came there. Musical comedy and plays met with a fair amount of appreciation, but a vocalist, a pianist or a reader faced an audience that would have turned a volcano into an iceberg! But thanks to education in music appreciation, to the opportunity to hear fine music on the radio and to a loss of the feeling that it is unsophisticated to let enthusiasm have its way, artists are really, if they deserve it, being greeted, encored and ovated as they ought to be.

It was one's privilege on Friday, April 4, in Newmarket high school auditorium, and in Toronto, on Saturday, April 5, at Eaton auditorium, to hear three outstanding Canadian artists. Friday night it was Mary Syme, pianist, and James Milligan, baritone, presented by the Newmarket-Canadian Concert Association, and Saturday evening it was Kenneth Mills, pianist, who made his debut in Toronto. Mr. Young and Mr. Burch did better than they knew, when, in spite of pessimistic groanings, they brought this concert series to the attention of the music lovers of Newmarket. That there were, at least, 400 of these—pity there hadn't been 600, like the Charge of the Light Brigade—was plainly shown by the sale of tickets, and then marvelously verified by the reception from the artists.

I think we all fell in love with

NEWMARKET GROUP TO MEET IN AURORA

Members of the Newmarket Horticultural society have been invited to join the Aurora society for a meeting on Wednesday, April 16. It will be held in the basement of the United church, Aurora, beginning at 8.15 p.m. Slides from colored films of iris will be shown together with some pictures of glads in Victoria, B. C. gardens.

Any members willing to take others in their cars are requested to notify Mrs. Charles Harman, phone 693, as well as any who require transportation. Regular bus service is available both to and from the meeting between Aurora and Newmarket.

Mary Syme when she appeared, and when she sat down at the piano, with her cloudy rose chiffon gown flowing round her. I was irresistibly reminded of Aurora, goddess of morning. When she started to play, that was something else—the woman subordinated to the artist—she was lost in a world of her own—a world of music, from which she brought us treasures. In her first number, Toccata in D Major by Bach, I felt she was holding something back, which of course, was sheer artistry. We felt her mastery of her instrument, but we did not feel the impact of her personality that was to come.

Her second group was Chopin, Etudes, Tarantelle, Berceuse and Scherzo, and as Mrs. Blodale remarked—"Chopin always shows"—and he did. After all the years since he "shuffled off this mortal coil," he showed us an artist, technician, showman, ship. We saw the dancers in Tarantelle; tenderness and sweetness in Berceuse; and whimsy, rather grim humor and splendid technique in the Scherzo, and through all four numbers there ran the tiny strain of melancholy that is Chopin, no matter what his theme.

In her last group, which began with a Scherzo by Oscar Morawetz and continued with an Impromptu and Romance Sans Parole by Faure, ending with Caprice Italien by Pontene, she displayed a brilliancy and purity of tone, and what interested me curiously in both the pianists I heard last week and also in Mr. Milligan's accompanist—the use of the pedal. The two pianists who have made music their life used it beautifully, and unless you were interested in it, almost unnoticeably. The accompanist, being younger at her work, gave it more prominence. Mary Syme and James Milligan received what amounted to an ovation at the end of their program, and deserved it.

James Milligan, young Canadian baritone, is, with Marguerite Gignac and some other young singers, beginning to put Canadian vocal talent on the map.

His numbers gave us oratorio, ballads, folk songs and opera—and this was designed to give us a remarkably varied program and the hearing of a voice which, at 24, is remarkable and which promises, with the smoothing out of certain faint roughnesses, to be one of the great baritones, not alone in Canada, but of the music world. Archie, Hilda and I—were you reading Mrs. Bird?—liked him best in the numbers where he could display the dramatic talent which I am sure should find its fulfillment in opera, but which also came into its own in the magnificent interpretation he gave of "Lord Randal" where pathos, heartbreak, tragedy and savagery give fine scope to a voice which could give us the picture thrillingly.

I felt we had a preview of a voice that is destined to make Canadian musical history. It has power, quality, dynamics, and expression plus. If I live, I hope to hear James Milligan five years from now, when he has added the indefinable quality—tenderness, added richness—the something that only experience gives.

The accompanist, Edith Scott, was, we found in private life Mrs. James Milligan, and what is more charming than a husband and wife team? They will go far. Her accompanying will gain in the richness and underlying helpfulness that make an accompanist great. We saw it in many places already. It was always good; it will some day be more than good, and these two young people will climb the steep ladder of success together. One little event which delighted Mr. Milligan's audience was his singing of "Old Man River" for his mother, who was in the audience. Meeting the artists after the concert at the hospitable home of Mr. and Mrs. Alex Eves, we found them as delightful off the stage as on it. There is a community of interests amongst lovers of music that gives a rainbow quality of cheer to their meetings.

We were delighted to meet again Irene Bird, and we feel that knowing all those who have taken part in these concerts, has made us more Canadian-music-conscious than ever before, and I think that all those who have attended the concerts feel the same.

AUXILIARY HEARS ONTARIO PRESIDENT

Mrs. L. Long, Toronto, the provincial president of the Ladies' Auxiliary, Canadian Legion, was a guest of the Newmarket branch at the March meeting. Held in the Legion Hall, the well-attended meeting was chaired by Mrs. Paul Tobey. Mrs. Long spoke briefly to the members.

Plans were completed for the catering for several banquets in April by the Ladies' auxiliary. Mrs. William Ingram is general convener. At the close of the business session a social half-hour was enjoyed when light refreshments were served.

SKATING CLUB ELECTS EXECUTIVE FOR '52

Mrs. Larry Molyneux was elected president of the Newmarket Figure Skating club at the annual meeting in the King George school on Monday, Apr.

The meeting was well attended. Mrs. Howard Brice was in the chair with Mrs. Reid Atkinson conducting the election of officers. Those elected for the coming years are: pres., Mrs. Molyneux; vice-pres., Mrs.

Howard Morton; sec., Mrs. Horace Jaques; treas., Mrs. Andrew Mitchell; executive committee, Mrs. Herb Cain, Mrs. Clarence Curtis, Mrs. Alex Hands, Mrs. W. O. Noble, Mrs. Fred Henney and Mrs. J. B. Revell.

WASHING'S NO PROBLEM NOW!

"Mummy took Auntie's advice"
"It takes seven colours to make true white," Auntie said. "One of them is blue. That's why you must use Blue in your wash. Just wash Reckitt's Blue through the rinse. It prevents that yellow tinge and you avoid taking chances with anything that may damage fabrics." Reckitt's Blue costs so little, mummy says, "and out of the blue comes the whitest wash."

News Of The W.I.

News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

The Mount Albert branch of the Women's Institute met on Thursday evening, April 3, in the basement of the United church, for their "At Home". The members and their guests sat down to a lovely supper.

The president, Mrs. Donald Stiver, gave a toast to the Queen. Patsy Dunn favored with two solos, and was accompanied by Barbara Watt, both from Newmarket.

Mrs. Elton Armstrong spoke and wished the Institute success in the future.

Mrs. G. W. E. MacPerson introduced the guest speaker, Mrs. Wes. Allen, Toronto, who spoke on the special classes held in Toronto and other cities for the less fortunate children. These classes are called opportunity rooms. The special classes are for orthopedic, diabetic, partially deaf and totally deaf children. Summer school is held for health classes, and classes are held for new Canadians to learn English. The only class that Mt. Albert district may benefit by is the sight-saving class. These pupils are to go to a regular school and are equipped with special text books put out by the Department of Education.

Mrs. Harman thanked those participating, and the evening closed with the singing of "O Canada".

Election of officers for the coming season highlighted the April meeting of the Kingbridge branch, held at the home of Mrs. J. C. Scott on April 1.

Mrs. N. G. Sproule was returned as president; vice-pres., Mrs. J. T. Jones; 2nd vice-pres., Mrs. J. M. Best; sec.-treas., Mrs. H. Parker; asst. sec.-treas., Mrs. O. J. Bertrand.

Mrs. J. C. Scott continues as district director, with Miss Joan McCormick, Mrs. R. Crook and Mrs. L. J. McCormick as branch directors.

Conveners of the standing committees are as follows: home economics and health, Mrs. J. R. McCrohan; historical research and current events, Mrs. P. W. Ball; citizenship and education, Mrs. L. J. McCormick;

Agricultural and Canadian industry, Mrs. H. Gillham; community activity and public relations, Miss Joan McCormick.

Mrs. O. J. Bertrand was re-elected flower box convener. Mrs. L. J. McCormick and Mrs. R. McCrohan were returned as auditors.

Social convener will be Mrs. J. M. Best, who also serves as press reporter. Mrs. H. Gillham is pianist.

The work committee consists of Mrs. Jones, Mrs. Gillham, Mrs. Scott and Mrs. Thede.

Kingbridge Institute will meet on Tuesday, May 6, at the home of Mrs. H. Gillham. The hostesses will be Mrs. R. McCrohan and Mrs. O. Cohen.

Union Street branch met at the home of Mrs. Drury Greenwood on Thursday, Apr. 3, with an attendance of 26 members and four visitors.

Following the opening exercises, reports were given by the conveners of the standing committees, as follows: agriculture and Canadian industries, Mrs. D. Greenwood; historical research and current events, Mrs. Joe Clark; citizenship and education, Mrs. O. Diceman; home economics and health, Mrs. W. Beckett; public relations and community activities, Mrs. W. Cryderman.

Mrs. Douglas Beckett, district director, gave a report of the directors' meeting held at Newmarket. The district annual will be held at Mount Albert on

May 14.

The Institute district program was discussed and the services chosen were "Home care of the sick" and "Brighten your home with color".

Mrs. Thomas Swanson gave an interesting account of her trip to Long Island, New York. Mrs. L. Johnston conducted a candy-guessing contest. Winners were: Mrs. Stanley Shanks and Mrs. Irvine Rose.

The election of officers was held and results are as follows: pres., Mrs. Frank Perry; 1st vice-pres., Mrs. Titus Peregrine; 2nd vice-pres., Mrs. Oliver Diceman; 3rd vice-pres., Mrs. Leonard Salmon; sec.-treas., Miss Violet Micks; asst. sec.-treas., Mrs. Archie Sedore;

Pianist, Mrs. Edwin Breen; asst. pianist, Mrs. Oliver Diceman; district director, Mrs. Archie Sedore; directors, Mrs. Thomas Swanson, Mrs. Wilburn Beckett, Mrs. Will Moulds, Mrs. T. Peregrine; auditors, Mrs. W. Cryderman, Mrs. D. English; press corres., Mrs. D. English; flower com., Mrs. B. Deavitt; Mrs. W. Micks, Mrs. Stanley Shanks, Mrs. Will Moulds.

Standing committees: agriculture and Canadian industries, Mrs. W. Cryderman; historical research and current events, Mrs. W. Micks; citizenship and education, Mrs. Thomas Swanson; home economics and health, Mrs. Edwin Whitfield; public relations and community activities, Mrs. E. Callendar; resolutions, Mrs. T. Peregrine.

The meeting closed with the National Anthem, followed by a delicious lunch served by the hostesses.

The citizenship meeting of the Newmarket branch will be held on Thursday, April 17, at 2.30 p.m. in the agricultural board rooms, Botsford St. Roll call is, "My idea of a good citizen".

Members are reminded to pay their Blue Cross hospitalization fees at this meeting. The election of officers for the ensuing year will be held.

The Elmhurst Beach branch April meeting was held at Mrs. Boynton's home. Among the many interesting topics mentioned was the reading and recollections of the first meeting of this institute, April 30, 1930.

Mrs. F. Pollock was the only member present who was at the original meeting. Vote of thanks was extended to Mrs. Harlie Clark for her efforts in organizing a bingo in the Memorial Hall, Keswick, on behalf of this institute.

The following ladies are officers for 1952-53: hon. pres., Mrs. Boynton; pres., Mrs. Lunn; 1st vice-pres., Mrs. Lowndes; sec.-treas., Mrs. Fowlston; press correspondent, Mrs. Fowlston;

Agricultural and Canadian industries, Mrs. Lowndes; Citizenship and Education, Mrs. Lunn; Community Activities and Public Relations, Mrs. H. Clark; Home Economics and Health, Mrs. Selby Sedore; Resolutions, Mrs. Pollock; delegate to convention, Mrs. Fowlston;

District director, Mrs. Boynton; Branch directors, Mrs. Lockerie, Mrs. C. Hodgins, Mrs. H. Clark; hospital representative, Mrs. O. Peters; auditors, Mrs. H. Clark and Mrs. Peters; pianist, Mrs. W. King.

—Mrs. William Carson, King, visited her sister, Mrs. Frank Widdifield, on Friday.

W.M.S. MEET HEARS TALK ON APOSTLES

Mrs. George Killen, Sutton, was the guest speaker at the Easter thank-offering service of the W.M.S. St. Andrew's Presbyterian church, Newmarket. Held in the Sunday school room on Wednesday, April 2, the meeting was well attended.

The service of worship for the Easter season was conducted by Mrs. F. R. Meredith, president pro-tem, assisted by Mrs. Roy McDonald, Mrs. W. M. Cockburn and Mrs. W. G. Rosamond.

Mrs. Meredith introduced the speaker of the evening, Mrs. Killen, vice-president, Section 1, Toronto East Presbyterian, and wife of Rev. Killen, Sutton West.

Mrs. Killen, after making several announcements concerning Presbyterian activities, gave a splendid message on the acts of the apostles, using as her general theme, "Missionary Enterprise in the Early Church". In thanking Mrs. Killen, Mrs. Meredith spoke of the value of prayer.

After the closing exercises, a cup of tea was served and a pleasant social half hour was enjoyed.

W.M.S. DELEGATE

Mrs. F. R. Meredith was appointed delegate to attend the Synodical annual meeting of Toronto and Kingston, representing the Women's Missionary Society, St. Andrew's Presbyterian church, Newmarket. The conference will be held in St. Andrew's church, Lindsay, from April 22 to 24 inclusive.

AT INSLEY'S CHILDREN'S GABARDINE TRENCH COATS OR TOPCOATS

ST. PAUL'S CHURCH

Last Sunday was Palm Sunday in St. Paul's church, the last Sunday in Lent before Easter, and it was marked by special hymns, Epistle and Gospel. At the evening service there were prayers of dedication for the gift of the Credence Table, to match the gift of the Bishop's chair last year, and prayers of dedication for the gift of silver paten. Tomorrow will be the three-hour service starting at 12 o'clock noon. There will be Easter communion at 8.30 and 11, a children's service in the church at 3 o'clock and at evening prayer special Easter music with scripture readings.

FIREMEN CANVASS

The Newmarket Firemen have decided to start their canvass this weekend for donations towards their monster bingo which is to be held May 30, at the Newmarket Memorial Arena in aid of new uniforms for the brigade.

W.M.S. MEETING

The Junior Evening auxiliary, W.M.S., Trinity United church, Newmarket, will meet at the home of Miss Margaret Bate, 86 Prospect St. on Tuesday, April 15, at 8 p.m. Mrs. Herbert Atkins will take the devotionals.

HAVE THEATRE PARTY

The Newmarket Business and Professional Women's club replaced their regular dinner meeting on Monday, March 31, with a theatre party to the Royal Alexander Theatre, Toronto.

THIRTY-TWO MEMBERS AND FRIENDS

chartered a bus and attended Tommie Trinder's "Command Performance". The party concluded with supper at the Town and Country Club.

Sing a song of Easter,
Gladness in the air;
Joyous church bells ringing
And blossoms—everywhere!
May its joyous meaning,
Your faith and hope renew,
And all this Easter season
Be a happy one—for you!

Mr. and Mrs. John Pinder spent several days in Toronto with their son-in-law and daughter, Mr. and Mrs. Ken Davis.

Mr. and Mrs. Bruce MacMillan, Mr. Ross MacMillan and Miss Addie MacMillan have arrived home after spending a pleasant holiday in Florida.

Miss Pearl Gynne and Mrs. Ed. Cole of Aurora spent Tuesday with Mrs. Wm. Bain of Toronto. The fashion show and tea held on Wednesday in the United church was a real success. The decorating committee, under the guidance of Miss Gwen Wilmet and Mrs. Lew Irwin, did a fine job of creating a proper setting. The committee are grateful to Senecal's, Eves' Ladies' Wear, Dawson's Ladies' Wear, Jack and J. Shoppe, Robert Yates, Embassy Beauty Salon and Morrison's Men's Wear, all of Newmarket, who helped to make the show such a success.

Mr. Don MacMillan flew to Regina, Sask., to visit his father-in-law, Mr. W. J. Everingham, who has been very ill in the hospital there.

Congratulations to our newlyweds, Mr. and Mrs. Bruce Coates (Louise Morton), who were married on Saturday at the manse.

Wedding bells are also ringing for a few other local young people but more about that later.

Miss Barbara Reid entertained a number of friends in honor of her birthday on Friday.

Mr. and Mrs. Robt. Knights attended a shower for their daughter, Miss Shirley Knights, at the home of Mr. and Mrs. Earl Milne in Toronto on Friday night.

Mr. and Mrs. Elmer Stickwood have gone to Gilmore for the spring and summer months.

We extend the sympathy of the community to the family of the late Mr. Irving G. Arnold whose funeral was held from the Strasser funeral home on Tuesday afternoon.

Mr. and Mrs. N. Gibney and Wayne spent the weekend in Toronto with Mr. and Mrs. Bill Gibney.

Mr. Fred Dew and Mr. John Dew of King visited Mr. and Mrs. Wm. Dew on Sunday.

The Evening Auxiliary has postponed their Easter thank-

offering from Tuesday, April 15, to Tuesday, April 22, because the speaker is unable to come until April 22.

Mr. Marritt McKenzie is confined to his bed for a few weeks' rest because of a heart condition.

Mr. and Mrs. Jack Kavanagh and Anne arrived home on Friday night after a very pleasant three months' holiday in Florida.

Mr. and Mrs. C. Milsted spent Sunday with Mr. and Mrs. E. Gooding and family of Utterson.

Sympathy is extended to Mr. Douglas Beckett and Mr. Wilburn Beckett on the sudden

death of their father, Mr. Alfred Beckett, at his home in Lansing on Sunday morning.

Mr. and Mrs. Ken Jones and Karen of Markham spent Sunday with Mr. and Mrs. Floyd Winger.

Mr. Wm. Burkholder has moved into his spacious new store in the old hotel. This adds greatly to the appearance of this corner.

A large number from our community saw "The Royal Journey" at the Romy, Newmarket, this week.

Still and Smith held a Farmers' Day, featuring maintenance and service of tractors, on Thursday, April 18, at 2:30 p.m. Rev. J. M. Aiken, Trinity United church, Newmarket, will be the guest speaker.

On Tuesday night, Mr. Art Al-

xander entertained a similar demonstration. Refreshments were served for the farmers and their families.

HOLLAND LANDING

The Easter service in the United church will be held on Sunday, April 13, at 7 p.m. Special music and the minister Rev. F. G. MacTavish. Everyone welcome.

The service at Christ Church will be held at 7 p.m., Holy Communion and sermon.

The W.A. of Holland Landing United church Easter Thank-offering service will be held on Wednesday, April 16, at 2:30 p.m. Rev. J. M. Aiken, Trinity United church, Newmarket, will be the guest speaker.

Mr. Mel Bain passed away very suddenly at his home in Scott on Monday afternoon. While sitting in his chair he collapsed and was gone. He had been in rather poor health for some time but was around as usual and able to work.

He is survived by his sister, Martha, who lived at home, his brother Hoyle, Mrs. Davidson of Sandford, Mrs. McCrudden of Hartman, and Florence of Newmarket.

He was the eldest son of the late Mr. and Mrs. Edward Bain and was born and always lived on the farm where he died. He

was the third generation on it as his grandfather, Samuel Bain, was the first settler on it many years ago.

The funeral service was held at the chapel on Thursday and burial in Mount Albert cemetery.

A meeting in the hall on Monday evening, when ratepayers met the members of council and surveyors who have recently made a proper plan of the village, had the opportunity to see the new plans and ask questions in regard to these. Later the plans will be left in a store so that everyone may study them and if not satisfied may have a

chance to make complaints.

Mrs. Whealdon has moved into Miss Tinsdale's apartment and over the weekend had her family all call to see her. It was not planned — just happened. Her sons Charlie and Dennis came from Kirkland Lake, Geo. and Ted from Arthur, Frank from Labrador, Wilfred and Bert from Toronto, also her two daughters, Peggy and Kitty, from Toronto. The Hockey boys will sponsor a drama in the town hall on Thursday, April 24, when Keswick Dramatic Club will put on "When the Carnival Comes to Town".

BUSY ADJUDICATOR

Mrs. J. W. Bowman, has been adjudicator for a series of drama festivals during the past few weeks. She acted as adjudicator for the festivals held by the Young People's societies of Toronto Union Presbytery, North, East and West. She was adjudicator for the Simcoe-Kawartha secondary school association drama festival and was one of the judges for the public speaking contests held for the elementary school children of Richmond Hill in March. Twenty-three contestants took part in the public speaking contests.

SKATES AT CARNIVAL

Guy Revell, 10-year old son of Mr. and Mrs. Barney Revell, skated in the New Toronto Carnival on Friday and Saturday evenings. Other guests were from the Silver Blades and Woodstock.

PINE ORCHARD

Willing Workers held monthly meetings on Wednesday afternoon, April 2, at the home of Mrs. J. R. Chapman with 14 present. Mrs. J. Hope, the president, was in charge of the meeting. It was decided to purchase some cups and saucers for use at the church. The W.W. is making a collection of wire clothes hangers.

Mrs. Elsie McClure spoke on the subject "Mary and Martha". Mrs. L. Harper gave a reading entitled "The Significance of the Easter Lily" and Mrs. J. Hope described the beautiful painting of "The Crucifixion" located in a building specially built to house it at Forest Lawn cemetery, Los Angeles.

Lunch was served by the hostesses and a social time was enjoyed.

Mr. and Mrs. Don Gibney and family of Drake, Sask., were recent guests at the home of Mrs. W. Reid.

Don't forget to attend church on Easter Sunday.

Union church service at 2.30 p.m. and Sunday school at 1.30 p.m.

Church of Christ service at 11 a.m. and Sunday school at 10 a.m.

Mr. Beverley Grindell of Toronto spent the weekend at his home.

GORDON YOUNG LIMITED

Harold Sheppard gave chase to a fox on the ice, Lake Simcoe, and had an exciting half hour as his snowmobile, travelling at 45 miles an hour, zigzagged on the path of the fox. The animal—as smart as he is reputed to be—soon got wise to the fact that the machine couldn't turn quickly and, after a fast spurt, he would dodge suddenly, then sit and rest while the machine turned around. But Br'er Fox made one miscalculation and zigged when he should have zagged. So now he's a trophy for Mr. Sheppard.

York County Juniors Prepare For Club Work

Farm boys and girls are looking forward to the re-organization of York County Junior clubs for 1952. In all, seven clubs will be organized, consisting of the Sharon, Schomberg, Markham and Woodbridge Calf Clubs, the Schomberg Swine Club, the Sutton Tractor Maintenance Club and the York County Baby Beef Club.

Of particular interest is the fact that in future, Ontario Junior Clubs will be known as 4-H Clubs. This has been done to conform with steps taken by other provinces and because of the international significance of the name 4-H. The 4-H's stand for Head, Heart, Hand and Health, all of which are developed by club work in its various aspects.

Club policies will not be changed from previous years, but a continual effort is made to improve programmes and to see that club members make the greatest possible gains through their membership.

The objects of club work are many. Of primary importance is the development of knowledge in the proper selection, care and feeding of good livestock. This is done through demonstrations, judging competitions and keeping accurate records. Of equal importance is the development of the boy or girl from the standpoint of good citizenship through learning to conduct meetings, to show good sportsmanship and to get along with fellow members. In addition to these, the club member develops a personal in-

terest and responsibility in having stock of his own to care for and to show.

All farm boys and girls are eligible to join these clubs, provided they are 12 years of age on May 1 and must not have reached their 21st birthday on November, 1952. Tractor members must be over 14 years old on May 1.

In the case of calf or swine clubs, the calves or pigs must be the property of the club member. Calves must be born between January 1 and May 1. Pigs for the swine club should preferably be farrowed in March.

4-H Club work is of great importance to the future of farm boys and girls. It is here that many of our future agricultural leaders will obtain much of their early training. Boys and girls who are interested should contact the Ontario department of Agriculture, Newmarket, or their local club leader.

The Club Leaders are: Schomberg Calf Club, Bob Hamilton, Schomberg, R.R. 2; Schomberg Swine Club, Frank Barnes, Schomberg; Sharon Calf Club, John Kudelka, Newmarket, R.R. 2; Markham Calf Club, Allan Orr, Gormley, R.R. 2; Woodbridge Calf Club, George Jackson, Jr., Downsview; York County Baby Beef Club, John Brown, Gormley, R.R. 2; Sutton Tractor Maintenance Club, to be selected.

Organizational meeting dates are: Schomberg Calf Club, Institute Rooms, Schomberg, 2 p.m., April 15; Schomberg Swine Club, Institute Rooms, Schomberg, 8 p.m., April 15; Woodbridge Calf Club, Vellor Community Hall, 2 p.m., April 16; Sutton Tractor Club, Sutton High School, 8 p.m., April 21.

Already about 60 girls have organized some eight or nine local girls' garden clubs, over the county, under the sponsorship of the North Toronto Kiwanis Club and the supervision of Mrs. Ruth Clarke, county home economist, Newmarket. The garden club local leaders held their leaders' training school in the agricultural office on Tuesday of this week.

MOUNT PISGAH

Word was received by your scribe this week that the Greece Tractor Fund realized \$7,319.94. This was the combined donations of all the Ontario branches of the W.I. \$3,244.32 went to the Cockshutt Farm Equipment; \$1,000 for delivering, servicing, gas, oil, etc., and the remainder went for food. Our branch realized their donation by sponsoring two eucres this winter. The tractor will be delivered in time for the spring work.

Mr. and Mrs. George Devenport, Toronto, visited Mr. and Mrs. Wm. Ash on Sunday. Mr. Edgar Baycroft, Lejord, Saskatchewan, visited Mr. and Mrs. R. C. Baycroft on Thursday of last week.

Mr. Clifford Beacock, Peterborough, was a weekend visitor of Mr. and Mrs. Leigh Beavisto. Mr. and Mrs. Robert Burnett, Stouffville, visited Mr. and Mrs. Norman Brown and family on Sunday.

There were seven members of Mount Pisgah choir to attend the combined Temperanceville, Wesley and Mount Pisgah choir practise at Wesley church on Friday evening of last week. This combined choir will take part in the Good Friday service at Wesley church.

Mount Albert News

Mrs. Bruce Rolling attended a York County executive meeting of the C.G.T. at Aurora last week. Their rally will be at Mount Albert on Saturday, Apr. 26, an all-day meeting held in the United church.

Mr. Stan Lunau, who last week held a sale of farm stock, is moving to Lindsay this week. The farm has been sold to Mr. Gard of Aurora, by the former owner, Ross Harrison.

Palm Sunday was observed in the United church by the re-opening of the newly-decorated auditorium, which looks lovely. Rev. Shapter was in the pulpit at the morning service, and in the evening Rev. G. H. Thomas of Markham, chairman of Toronto East Presbytery, was the guest speaker. There was special music by the choir at both services.

Services each night this week, and Good Friday service at 10.30 a.m. and 11 a.m. Easter services with special music on Sunday.

Mr. and Mrs. Geo. Allison of Stouffville spent Sunday with Mr. and Mrs. Allison, Sr.

Mrs. W. S. Robertson, who has been ill for some weeks in the Western hospital, has been taken to the home of her son Bruce at Sutton.

Mr. and Mrs. N. Simpson have

HOPE

The regular monthly meeting of the Hope Hobby Club will be held at the home of Mrs. H. Wright on Tuesday, April 15, with Mrs. A. Baldson as program convener.

A special feature of the program will be a demonstration of painting on fabrics, which will be given by Mrs. Ross Chapman of Queensville.

The ladies on the lunch committee are Mrs. L. Pegg, Mrs. G. Broderick, Mrs. H. Wardell and Mrs. S. Walker.

The roll call is to be answered by something about grandmothers. All the ladies are urged to attend as a fine program has been planned.

Mr. and Mrs. Arthur Smith, Long Branch, spent the weekend with Mr. and Mrs. George Broderick and Mrs. Hall.

Mrs. George Broderick spent a few days last week with Mrs. Cecil Taylor, Downsview.

Mrs. Harold Breen, Vivian, spent last Thursday with Mrs. Floyd Breen.

Mr. and Mrs. Morley Moore, Port Hope, spent the weekend with Mr. and Mrs. Howard Pegg.

Elizabeth Shields has returned to the Sick Children's hospital for x-rays and treatments. We wish her a speedy recovery.

Mr. and Mrs. Bruce Eves, Ajax, spent a couple of days with Mr. and Mrs. Ivan Eves last week.

BELHAVEN

Messrs. Lorne and Reg. Denny and friends of Hamilton called on their grandparents, Mr. and Mrs. Charles Pollard, Thursday, after attending the wedding of their cousin, Lloyd Pollard, in Keswick.

The Busy Dizzy Dozen are to present their play "The Carnival Comes to Town" on Friday, Apr. 18, in Belhaven hall under the auspices of Belhaven Women's Institute.

Mr. and Mrs. Albert Edney, Agincourt, visited Mr. and Mrs. Harry Ardill on Sunday.

Mr. and Mrs. Norman King and Floyd had tea Saturday evening with Mr. and Mrs. Alex Hopkins, Mount Pleasant.

A very successful croquet party, sponsored by the Keswick W.A., was held at the home of Mr. and Mrs. Erwin Winch on Friday evening.

Mr. and Mrs. Earle Foster, Vancor, spent Sunday with their daughter and son-in-law, Mr. and Mrs. Donald Morton.

Mr. and Mrs. Ronnie Kydd and children visited Mr. and Mrs. Lenland Nelson on Sunday.

Don't forget the eucres to be held in Belhaven hall on Saturday, April 12, under the auspices of Belhaven Sports Club.

Mr. and Mrs. Jim Taylor and children, Toronto, spent Sunday with her parents, Mr. and Mrs. Ross Mainprize.

Congratulations to Mr. and Mrs. Harry Elliott on the birth of a son.

Mr. and Mrs. Merlin Gordon and family had dinner with Mr. and Mrs. Carl Gordon, Newmarket, on Sunday.

NOTICE

To Ontario Producers of Eggs and Poultry

The Ontario Farm Products Marketing Board has received a petition for the approval of a proposed marketing scheme for eggs, under the provisions of the Ontario Farm Products Marketing Act.

A vote by ballot has been arranged so that the Board can determine the opinion of producers on this proposal. If you are 21 years of age or over and have produced and sold eggs during 1951 and/or are producing and selling eggs in 1952, you are eligible to vote. Any member of a family engaged in the production and sale of eggs is eligible if 21 years of age or over, but only one member of such a family is entitled to vote.

Each producer of eggs and poultry who wishes to vote will be required to declare his eligibility and to register with the returning officer at his polling station before receiving a ballot. Your Agricultural Representative is the Chief Returning Officer for your County or District.

Voting will take place on April 17, 18 and 19, 1952, between the hours of 9 a.m. and 9 p.m. In the County of York polling stations will be located as follows:

Heather Hall, Agincourt
White Rose Station, Thistleton
Community Hall, 5090 Yonge St., North York
Township Office, Maple
Village Office, Woodbridge
Women's Institute Hall, Kleinburg
International Harvester Shop, Mount Albert

MRS. LAURA KOLLING, CORRESPONDENT, PHONE KING 8

Miss Eleanor Phillips of Hope has been entertained at several showers which preceded her wedding Saturday, April 5, when she became the bride of John Nimmo of King at Hope United church.

Mrs. John Nimmo entertained 40 relatives at a miscellaneous shower at the home of Mrs. Eric Johnston, her neighbor. Miss Kathleen Nimmo was the bride-elect's attendant when she opened her gifts. A Hope and Maple community shower was held at the home of Mrs. Crooks and Mrs. Edgar Phillips, the mother, when Miss Anna Orr assisted her friend who sat beneath a "shower" umbrella, decorated Mrs. Robert Ball, Miss Helen and Miss Ethel Thomas were responsible for the excellent arrangements. At a third shower on March 28, a large number of relatives of the bride were present. It was held at the home of Mrs. Wilbert Crooks. Friends were present from King, Temperanceville, Richmond Hill, Lansing and other points. Miss Jean Orr attended the opening of the gifts. A novel act interrupted the event when an "unknown" pedlar suddenly appeared, selling wares of unusual character. It was Eleanor's mother.

Dies in Hospital
The funeral of Mrs. Florence Adeline Crossley, wife of the late William J. Crossley, was held on April 2 from King United church with the Rev. M. R. Jenkinson conducting. Interment was in King City cemetery.

Mrs. Crossley passed away at the age of 88, and had lived in the village for about 63 years. She was born at Castlederg, Albion township, marrying in 1889 when her husband built the present Crossley brick house on King St. Here she had lived until two years ago when she found she should not be alone. She lived with her son, Carlton C. Crossley, near the village for a winter and came to

the home of her daughter Edna, Mrs. Arthur Brown of King City, until last December when she entered Sunny Acres rest home at Gormley.

Developing influenza, Mrs. Crossley was removed to Newmarket hospital on Thursday, March 27, passing away on the following Monday. Mrs. Crossley was a very gracious person, extremely fond of good reading with talent for fancy work and other skills. She had raised a family of five children. Mrs. Crossley was one of the oldest members of the United church and the Women's Missionary Society. She was among those who were active in the 80th anniversary of the church last year.

Left to mourn are Carlton C. Crossley and Mrs. Edna Brown of King, Mrs. Lorna Stone of Aurora, E. W. Crossley of Thornhill and W. Kelso (Kelly) Crossley of Aurora, 20 grandchildren and seven great grandchildren. One of her grandchildren, Bill Crossley, son of E. W. (Gamey), was killed at Dieppe. Mrs. Crossley had raised Jack, Bill and Lois, her son's children, for a time, at her home in King City.

LAC Harry H. Alexander arrived from the Aleutian Islands three days before the birth of his son, David Eric, born to his wife at Arnprior hospital on Sunday, April 6. This is their first child and mother and baby are doing well. The airforce man will go back to duty in a few days as his annual leave does not come until June. Mr. and Mrs. H. H. Alexander of con. 3, King, are grandparents for the first time.

On Good Friday evening, 8 p.m., Rev. Canon W. G. Sunter, late of St. Peter's Church, Hamilton, will preach in King Baptist Church, the last of the Holy Week services observed by congregations of the district during the Week of Prayer.

The preacher at the evening service on Easter Sunday, at All Saints Anglican Church will be Rev. Canon J. W. McDonald of Wycliffe College.

Special Easter Service
On Sunday, April 13, at 11 a.m., a special service will be given at the Sunday School hour at King United Church. Parents and children are cordially invited.

At the regular evening service of the congregation the Easter message will be preached by Rev. M. R. Jenkinson while the choir will present two special anthems. At the organ will be Mrs. Ewart Patton, and playing the piano will be Miss Gerry McDonald, while two violinists, Mrs. Jack Cliff and Miss Carol Hatley, will play.

On Sunday, April 20, Communion will be observed at Teston, Laskay and King City United churches conducted by the minister, Rev. Mr. Jenkinson.

On Sunday, April 27, the Brownie Pack will parade to the United Church.

A special film is being arranged for presentation at Laskay Y.P.U. meeting this Thursday evening, at the home of Mrs. Pearson Smeltzer.

Rev. M. R. Jenkinson will preach at Aurora United Church Good Friday morning service.

Presbyterian congregations will see a special Easter film have special music and worship on Good Friday at Strange church at 8 p.m. Others are invited to join.

At a meeting of Eversley Presbyterian W.A. at the home of Mrs. K. Lawson the sum of \$100 was voted toward the minister's

RATE UP IN KING TWP.

Reeve Edna Armstrong sees a mill rise in the total tax rate of King township due to increased costs "all along the line". The 1951 rate was 22.7 mills. "The township is in a fortunate position since some of the York County municipalities will have higher increases in their rates," he commented. The township assessment is \$5,385,000, an increase of \$130,000 over 1951. Reasons for the overall increase in tax rate is seen in a mill increase in the high school district rate, from 3.3 mills in 1951 to 4.8 mills for 1952. The township general levy is up one mill to 12.4 mills. The county rate remains at 4.3 mills. More will be spent on road maintenance in 1952. The township has requisitioned for \$80,000, half of which is paid by the provincial department of highways. Last year the township asked for \$80,000.

The sum of \$80,000 has been budgeted for township purposes.

The increase in total school section levies is from 3 to 4 mills this year. S.S. 1, Oak Ridges has a mill rate of 22.4. S.S. 2, King has 14.0 mills and the lowest is S.S. 12, Blackburn at 2.8 mills.

Last year police protection cost the township \$1,420.92; fire protection \$1,710.

stipend. Mrs. Ivan Specht and Miss Lily Anderson were appointed a committee to recover the pulpit chair. Quilting projects have brought \$12 for the general fund.

Mrs. Fred Curtis, vice president, conducted the meeting in the absence of Mrs. Albert Jones, who has been ill. The scripture lesson and prayer based on the Easter theme were taken by Mrs. Norman Wade and Mrs. L. Shropshire. Readings were given by Mrs. Howard Neill, Mrs. Watson Ferguson and Mrs. Curtis. Mrs. Roy Bowen and Miss Lily Anderson conducted contests and Mrs. Bowen tendered a vote of thanks to the hostess for having the gathering in her home. The May meeting will be held at the home of Miss Anderson.

Discussions Satisfactory
Discussions between King City village trustees and King township council last week clarified some problems. "Two of the six steps" needed to accomplish such matters as emphasis on the township building by law, watermain extensions, improvement of north Keele St., building excavation, road improvements, etc., were realized. Council stated it was willing to go into the details of the suggestions made by the village fathers.

One trustee pointed out that any attempt to resurface Keele St., north of the railroad track to the school, within the village limits will not be considered until adequate ditch draining is taken up by the township body. "We will not spend one cent on improvement without being first assured of proper drainage," one trustee stated later. Reeve Armstrong said this portion of roadway and on north will be inspected by the county engineer.

Village trustees have endeavored to have the county rectify the waterlog on King St. "It is 10 years since any real improvement was made on ditches and culverts by the county. It is time some of the old tin boilers were replaced," said an irate ratepayer.

Drainage Problem
The drainage problem on King St., east of Fisher to Williams St., will not solve itself. This highway comes under the supervision of Toronto and York Roads Commission and spring flooding has been greatly aggravated for the past two years. Some cellars have had water in them all spring. It is plain the county road men do not see the need for cleaning and replacing culverts, one village trustee pointed out.

The water has been so bad at Walker and Warkington properties, it flowed across the road, and rubber boots were needed to walk along the sidewalk. On the north side of part of this section the ditch is higher than the outlet. On one side of the road the grate intake for surface overflow was broken by county machinery, one resident pointed out. Rumor has it that certain taxpayers are inclined to sue the county in its failure to relieve the situation. On Fisher St., it is believed, waterworks construction machinery intercepted the culvert.

Mrs. Paxton, mother of Mrs. E. M. Legge of King City and James Paxton, Temperanceville, is very ill at the home of her daughter with whom she has resided for many years. Mrs. Paxton, who lost her sight some years ago, is 93 and despite great weakness caused from virus infection, maintains her usual cheerfulness and humor. She delights in recalling past scenes and names when visitors call. She has a remarkable memory for past and present events. Mrs. A. M. Clarke of Aurora, an old friend of the Legge's is on night duty to relieve Mrs. Legge and her daughters.

Mrs. Eleanor Scott has returned from Toronto where she spent three months at the home of her daughter. She has taken over nursing duties of Mrs. L. Dinick at the home of Miss Maud Crossley.

While last week was no early

Keswick News

The Evening Auxillary of the W.M.S. will meet for its Easter meeting on April 15 at the home Mrs. Gordon Carr. Mrs. W. Anderson and Mrs. Marshall will have charge of the program.

The Belhaven and North W.A. groups held a progressive croquinolette party at Erwin Winch's on Friday evening. A good crowd attended. Mrs. K. Boothby and Mr. J. Porter were the top scorers.

Mrs. Agar, Mrs. Anderson, Mrs. Banks and Mrs. Boothby attended a W.M.S. meeting in Newmarket on Tuesday, April 8.

Mr. Bill Peters is a patient in York County hospital.

Good Friday service will be held in the United church at 10.30 a.m. There will be special Easter services Sunday morning at 11 a.m. with Junior and senior choirs and in the evening at 7.30 the choir will present the Easter Cantata "The Victorious Christ" by Haldor Lillenas. The spoken parts will be read by Miss Ruth Mary Winch.

The Mission Band held its Easter meeting on Monday after school. There were 21 children present.

Mr. and Mrs. Edwin Marritt

ZEPHYR

The Zephyr United Church W.M.S. held their April Thanksgiving meeting in the Sunday-School room on Wednesday afternoon. The meeting was well attended and a good program was given by Mrs. Wm. Rynard, Mrs. Stark and Mrs. Gilhooly.

Mr. and Mrs. Wm. Bilby spent a few days visiting friends at Ashworth.

Miss Dorothy Curl visited friends in Toronto and Newmarket last week.

Mrs. A. B. Lockie spent the weekend at St. Mary's. Two baptisms were performed in the United Church on Sunday evening, Rev. and Mrs. Thornloe's son, William David and Mr. and Mrs. Bruce Lockie's daughter, Cheryl Ann.

Several here attended the funeral of the late Irving Arnold at Queensville on Tuesday.

record for seeding in the Holland Marsh farm lands, Frank Janse, on the west side, near the 7th concession, planted lettuce seed in a plot of ground sheltered from the cold. Farmers are looking forward to seeding operations this week as the rains have brought the frost from the land. Some recall on March 27, 1946, when onions were planted in an unusually early season.

Dr. and Mrs. Cecil Summerfeldt, con. 3, are home from Montego Bay, Jamaica, where Sir Ellsworth and Lady Flavelle, Major Jas. Baxter and his wife, and Mr. and Mrs. Gage Love, were vacationing.

ents, Mr. and Mrs. I. Waldon.

The April meeting of the W.C.T.U. was held at the home of Mrs. Harold Pollard. Mrs. Campbell was in charge. Mrs. Kennedy took "Peace" as the topic of her devotional using the text "To guide our feet in the way of Peace". Mrs. Campbell gave a splendid address on the work of the United Nations Organization explaining many of its activities and emphasizing the importance of its work in the up-lift of humanity.

Much praise was expressed for the Temperance lessons and examinations carried on through the Sunday schools and public schools. The City Sheet which was used last with the prevalence of excessive liquor advertising in our Canadian magazines and newspapers. This is much regretted. Arrangements were made for delegates to the County Convention at New Toronto on April 28. Lunch was served and a very friendly hour spent.

Right across CANADA It's Really New UNISEC

The miracle process. Imagine a windbreaker for '52 that's:

1. NON-OILY STAIN RESISTANT. Resists stains caused by fruit juices, soft drinks, tea, coffee, beer, vegetables, jam, honey, vinegar, most inks, blood, mud.
2. WATER REPELLENT. Durably water repellent... needs no renewal even after repeated dry cleanings.
3. CREASE RESISTING. Wrinkles hang out over-night in humid room. Pressed in creases hold their shape. Guaranteed for life of garment.

And "JACK FRASER'S" have these windbreakers in several styles and all the newest shades. Drop in and see the miracle process.

WINDBREAKERS PRICED AT

FOR HIGH CROP YIELD SOW GOOD SEED... ACCURATELY IN A GOOD SEED BED..... EARLY

Massey-Harris grain and fertilizer drills are outstanding for their positive accuracy... even spacing between rows... even distribution of both seed and fertilizer in the rows... accurate sowing of the desired rate per acre. Their accuracy assures every individual plant of its fair share of plant food, water and sunshine.

Come in and get all the details. See for yourself how a Massey-Harris drill can help you grow more bushels per acre.

MORE ACRES PER GALLON

Ask any man who drives a Massey-Harris tractor. He'll tell you it's the most economical tractor he ever drove.

What does your farm need most?

- ✓ A TRACTOR, COMBINE, TRUCK or other mechanical equipment?
- ✓ LIVESTOCK? ... Breeding stock or a new bull to build up the quality of your herd?
- ✓ A NEW HOUSE, BARN, SHED or other out-buildings? Or the alteration and repair of your present buildings?
- ✓ A HEATING OR WATER SYSTEM? This includes furnaces and boilers, water heaters, built-in sinks and tubs, or repair and modernization of your present system.
- ✓ THE CLEARING AND BREAKING OF NEW GROUND? Or any of the following: fencing, drainage, roadwork, tiling, pumping, and diking installations?
- ✓ A FARM ELECTRICAL SYSTEM? ... Installation of a new or used system or modernization of your present one?
- ✓ ELECTRICAL EQUIPMENT? ... A milking machine, cream separator, refrigerator or pump?
- ✓ FRUIT TREES? ... To replace faulty ones; to increase or vary your fruit harvest; or to start an orchard if you're other than a fruit farmer.

Decide which improvements will help you most in operating your farm and talk over a Farm Improvement Loan with your nearest B of M manager. Farm Improvement Loans are helping many thousands of Canadian farmers to get the best out of their farms now.
